

**GROWTH OF CITY**  
Glendale's population in 1910 was 2742; in 1920 was 13,356. Per cent of increase, 383. Present population, estimated, 16,500.

# THE GLENDALE EVENING NEWS

**BUILDING RECORD**  
During 1920 the total building permits issued in the City of Glendale was \$3,136,664, a national record, in proportion to population.

## GENE DRURY TAKES FIRST PLACE IN CROSS-COUNTRY

**EVENING NEWS CARRIER WINS IN INTERMEDIATE SCHOOL RUN HELD YESTERDAY**

Gene Drury, a carrier boy on The Evening News, won the Intermediate school's cross-country run yesterday afternoon and received the Athletic Association's silver loving cup as a trophy. The course was 1.8 miles in length and all of the boys finished in good shape, according to Athletic Director A. T. Blanford.

Starting at the school from Wilson avenue, the sprinters trotted to California on Kenwood, then over to Brand on California, north on the boulevard to Doran, east on Doran to Glendale avenue, back on the avenue to Wilson and then west to Jackson, where they made one last run around the school course to finish. All who finished made the distance in 23 minutes.

### Holding Dual Track Meet

Today the Glendale Intermediate track team is holding a dual meet with the John Muir Intermediate in the city. N. R. Whytock is the local coach who accompanied the boys.

But to summarize the cross-country run ribbon winners came in as follows: Arthur Cressy, Dean Hoopes, John Copeland, Darrel Korb, Vernon Boone, William Watson, Arthur Sullivan, Erven Jensen and John Heideman.

Others finished in the following order: Rudolph Willis, John Winger, Carl Quinn, Francis Moffatt, Jack Booker, Wayne Yarik, Carl Hendershot, Jack Brown, Davis Chandler, Frank Hoyt, Owen Miles, Robert Rheinhardt, Harold Begg, Kenneth Hellyer, Kenneth Burnette, Eugene Kille, Porter Thompson, Armand Dair, Carl Burris, Fred Lindhorst, Clarence Albaech, James Little, Kenneth Lee, William Gillette, Floyd Kenney, Alex McDougall, Warren Rigdon, Wayne Maxwell, Wilbur Booth, Henry Hesse, Dan Nickols, Frank Herald, Harlan Haskell, Myron Cole, Graham Young, Dorsey Mottern and Roscoe Graham.

All of the above receive Athletic association certificates.

## LOCAL HIGH SCHOOL DEBATERS SECURE FINE VICTORY

**MISS KATHLEEN CAMPBELL AND GEORGE JORDAN WINNERS WITH ARGUMENTS**

Kathleen Campbell and George Jordan, representing Glendale Union High school in a joint debate with the University of Southern California preparatory school last night, won their side of the argument with several scores of the local student body cheering them on to victory.

The Glendale debaters supported the affirmative in the issue of California having state constabulary, a bill to that effect having been introduced in the present legislature.

## Jubilee Singers To Be Heard On Sunday

The Southern Jubilee Singers, whose concert in the First Methodist Episcopal church on Monday night was so largely attended and appreciated, are coming again. Dr. Crist has arranged to have them at the Sunday night service. Brief addresses by the minute men and the Jubilee Singers will comprise the program.

## Rev. W. E. Edmonds To Speak At Convention

Rev. W. E. Edmonds, pastor of the Glendale Presbyterian church, will address the county convention of Christian Endeavorers at Whittier on Saturday night. His subject will be "The Unchanging Christ Today." It is expected that fully 3500 young people will be in attendance.

**STORAGE BARN'S DESTROYED**  
LOS ANGELES, March 18.—Flames which raged all through the night, wiping out storage barns of the Pacific Wood & Coal company, covering nearly a block and a half, were brought under control today. The storage houses were filled with hay, grain and coal. Spontaneous combustion apparently caused the blaze. The loss was partly covered by insurance.

## Horseshoe Club Is Divided, Cut In Two By Progress' Wheels

Glendale's Horseshoe club is split in twain. Not in spirit, however. Only in body.

In other words, the members are traveling in two limited sections.

All because William Hildley has started construction on a four-store building on the south-west corner of Broadway and Orange streets.

This allows only one lot for the club activities—just one croquet court and room for three quito games.

To get around the difficulty, the clubmen got around the Barton Brothers garage and yesterday they were stripping sod on the west side of that building for an additional croquet court and more space for horseshoe pitching.

Seems as though so many people congregate around the Horseshoe club headquarters that it looks like the center of town, with the result that their grounds have become sites for business blocks several times in the last few years.

## BROADWAY SCHOOL P.T.A. WILL HAVE NIGHT SESSION

**FATHERS WILL BE ASKED TO ATTEND AND TAKE PART IN DELIBERATIONS**

The Broadway Parent-Teacher association held its regular meeting in the auditorium of the school yesterday afternoon. Mrs. Mabel Horner, president, called the meeting to order. Miss N. Jenkins of Los Angeles was the speaker for the afternoon, her topic being "The How and Why of Parent-Teacher Associations," which was handled in her usual charming manner.

Plans were made to have a mothers' and fathers' business meeting on the evening of April 1, the object being to afford an opportunity for the fathers to participate in the business matters before the organization. Some very important questions are expected to be touched upon at that time and every father and mother interested in the school is urged to be present. At that time a program will be presented and refreshments served.

## Building Record For March Is Excellent

March building is showing some speed in Glendale. More than \$600,000 has been recorded so far this year and the month shows \$267,728 to date. In the last 24 hours permits for six new residences have been taken out as follows:

Mrs. M. C. Kewin, dwelling and garage, 531 North Brand	\$5000
A. S. Formae, 5 rooms, 471 West Lexington	3500
Bertha A. Lee, 5 rooms, 808 East Elk	2700
George S. Hoffman, 4 rooms, 500 Raleigh	2600
George S. Hoffman, 4 rooms, 420 Raleigh	2500
E. Franquist, 4 rooms, 826 South Mariposa	2100
I. Cline, garage, 436 West Wilson	300
E. Coker, garage, 209 South Brand	300

## Enoch Robbins Found Guilty Of Assault

Enoch Robbins, a rancher residing on Verdugo Road, yesterday was found guilty by Justice of the Peace Harry M. Miller on a charge of assault. He was given a one-day suspended jail sentence. It was alleged in court that Robbins threatened to shoot a Los Angeles realtor, E. P. McCarthy, who with surveyors went to the ranch to subdivide the property which Robbins claims was under lease to him.

## Industrial Committee Will Meet Tonight

The industrial committee of the Glendale Chamber of Commerce of which W. E. Hewitt is chairman will meet tonight with representatives of the California Hydro-Stone company to investigate the merit of their concern and assisting them in locating a factory here. T. W. Watson, H. M. Butts, W. E. Evans and L. T. Rowley are other members of Mr. Hewitt's committee.

## GLENDALE RECEIVES WILLIAM C. COX OF BIG ADVERTISING AT CONVENTION GLENDALE PROVES HERO AT FIRE

**LARGE CROWD OF YOUNG FOLK TO ATTEND GATHERING OF C. E. AT WHITTIER**

A large crowd of Glendale young people are leaving this afternoon for Whittier to attend the Los Angeles County Christian Endeavor Convention. Of special interest to the local delegation is to advertise Glendale to the more than 3000 attending.

Preparations are being made for a booth to obtain advance registrations for the state meeting here June 25 to 29, according to J. A. Newton of the publicity committee.

A large sign has been painted to go above the booth. It reads, "Glendale invites you. R. S. V. P. Register now."

At each edge of this sign are painted the two sombreros which are being used also as tag designs for calling the attention of all to the convention by having them wear them during tonight's, tomorrow's and Sunday's sessions.

### Glendale Is Advertised

One of the most conspicuous things of the convention is the large canvas sign in the auditorium announcing to Los Angeles county that Glendale is to be host to the state convention.

Howard Brown is chairman of the local committee going to Whittier and he also will lead the singing of Glendale booster songs at tomorrow night's session.

## South's Park Heads Meet In Conference

At a convention of park superintendents, representing twenty-one southern California municipalities, held yesterday afternoon at Pasadena, a committee of five was appointed to work in conjunction with Auto Club in drafting a set of regulations which will make for a uniformity in all auto camp grounds conducted by municipalities.

According to F. A. Marek, city forester, who attended in company with Richardson D. White, chairman of the park committee of the Chamber of Commerce, it was the consensus of opinion at the meeting that it seems to be necessary to charge a small fee. In this way the grounds can be policed properly and undesirable weeds out.

Glendale has a free camping ground under development at the present time at the new park in the northwest part of the city.

## Valley Feed & Fuel Company Will Build

V. M. Hollister appeared before the Board of City Trustees last night and requested that he be granted permission to install machinery in a building which he contemplates erecting at the corner of Maryland and Wilson avenues. The proposed structure is to be 100 by 140 feet and will contain the Valley Feed & Fuel company's business. He proposed to install mixing, cleaning and grinding machinery, run by electric motors, and he says they will make practically no noise. The city ordinance, however, requires a permit to be asked for when machinery is to be installed in a building within certain limits. The request was first made orally and then reduced to writing and referred to the city building inspector for investigation, and will no doubt be favorably recommended.

## Silvanus B. Reed Is Taken By Death

Silvanus B. Reed, aged 34 years, 8 months and 20 days, died yesterday at the home of his parents, Mr. and Mrs. S. J. Reed, 212 North Cedar street. With his wife and two small daughters, Mr. Reed motored through from Texas a month ago to recover his health. He had been engaged in farming in the Lone Star state.

Besides his parents and wife and children, he is survived by five brothers and one sister. Funeral services will be at the Pulliam & Kiefer chapel tomorrow afternoon at 2 o'clock.

## Mrs. Hearnshaw Is Hostess At Luncheon

Mrs. J. F. Hearnshaw of 358 West Lomita avenue entertained at luncheon Wednesday in honor of Mrs. Kane of Chicago. Other invited guests were Mrs. Henry Clotworthy, Mrs. Parker, Mrs. Perkins, Mrs. Charles Glover, Mrs. Charles Sanders, Mrs. Wm. Nash and Miss Clara Ringert.

**GIVES ALARM WHEN PLANT OF FURNITURE COMPANY OF L. A. BLAZES UP**

Fire of undetermined origin today swept the finishing rooms and offices of the Los Angeles Furniture Manufacturing company, Los Angeles, causing damage expected to exceed \$100,000.

William C. Cox of 326 Eulalia street, Glendale, employee of an electric company, discovered the fire and gave the alarm.

Nearly a dozen girls and scores of men employees, who had just reported for work, fled to the streets.

Before fire apparatus arrived the building, containing highly inflammable paints, varnishes and furniture, was a seething furnace.

## Only One Move Is Made Here Yesterday

Just one family moved in Glendale yesterday, according to the records at the public service department, E. J. McFarland of 314 East Palmer hereafter will be found at 1908 Gardena.

Others asking for service or meter installation follow: Mrs. C. W. Sowle, 400 West Colorado; A. W. Glade, 219 West Lomita; J. A. Thayer, 120 South Kenwood; W. R. Johnston, corner Ellis and Rock Glen; G. C. Reimer, No. 1 221-A East Broadway; C. A. Fox, 467 Riverdale Drive; W. T. Love, 1219 North Central; Mrs. T. W. Carl, 706 North Jackson; G. E. Noll, Stocker street; J. M. Melvin, 619 North Orange; R. F. Wilcoxson, 800 South San Fernando.

## Wittenberg Gets More Than He Had Expected

H. L. Wittenberg says he's lucky. For two months he had been searching for a modern furnished home in Glendale. It seemed a hopeless task as he trudged the streets. Wednesday he placed a classified ad in The Glendale Evening News to make known his want. He offered \$55 a month rental.

Immediately he got results and today he is moving into just the place he wanted. Piano n' everything. And the rent is only \$50 a month. It pays to advertise in The Glendale Evening News.

## Local Children To Dance In Production

Jane Gay and Morton Davis, Jr., two clever little pupils of Miss Edith Lindsay, have been engaged to dance in a big feature production now being filmed by the "Wondergraf" company in Hollywood. These little people have been chosen to execute an "exhibition waltz" in a ballroom set. This number is familiar to Glendale, having been presented at the recent "colonial tea" given by the Tuesday Afternoon club.

Thelma Daniels, also a pupil of Miss Lindsay, is appearing as Cupid in Miss Peggy Hamilton's fashion show at a Los Angeles theater.

## Attorney W. E. Evans Back From His Trip

Attorney W. E. Evans of 333 North Orange street returned this week from a business trip to San Diego in company with Judge Frank S. Becker and Mrs. Becker of New York state, who have been in Southern California for the last six weeks looking after legal matters which Attorney Evans is handling for them. They are leaving for New York city today.

## Mrs. W. D. M'Rae Is Honored By Members

Prior to the concert given by the Madrigal club last night, Mrs. W. D. M'Rae, who is leaving Glendale, was presented with a book of Edgar Guest's poems as a remembrance from her club associates.

### SEARCH FOR CASHIER'S BODY

KALAMA, Wash., March 18.—Searchers are dragging the Columbia river here today for the body of Fred L. Stewart, cashier of the Ketsu state bank, supposed to have leaped to his death from the ferryboat Queen last night after his institution had been ordered closed earlier in the day by the Washington state banking department.

## Today's World News In Brief

(Special Service to Glendale Evening News)

**ASPHYXIATION INSTEAD OF HANGING IS FAVORED**  
CARSON CITY, Nev., March 18.—Governor Boyle today was expected to sign the bill which has passed both houses of the state legislature under which asphyxiation of prisoners sentenced to death will be substituted for hanging.

**MANY FIGHTS MARK CLOSE OF ST. PATRICK'S DAY**  
BELFAST, March 16.—Free for all fighting marked the close of St. Patrick's day here. Rioting followed the looting of wine shops early in the evening and five fights between soldiers and civilians resulted. Police dispersed the rioters with their batons.

**PACKER EMPLOYEES, STOCKYARD WORKERS FOR STRIKE**  
CHICAGO, March 18.—Unofficial returns today indicated that packer employees and stockyard workers had voted overwhelmingly in favor of a walkout, union leaders said. The official vote was to be announced at the international headquarters here today. Returns from every packing center in the country were being tabulated.

**YOUTHFUL CHESS CHALLENGER APPEARS IN THE LEAD**  
HAVANA, Cuba, March 18.—Jose Capablanca, youthful challenger of the world's chess champion, Emanuel Lasker, appeared to be in a stronger position when they adjourned their second game here early today. Bending over a giant chess board at the Casa de la Playa for almost four hours, the experts fought their battle deliberately, Capablanca exhibiting the more dashing game.

## THREE AMERICAN SOLDIERS ARE REPORTED WOUNDED

EL PASO, March 18.—Three American soldiers and two Mexican bootleggers were wounded early today in a battle between American soldiers, immigration guards and Mexican liquor runners that started when immigration guards discovered four Mexican bootleggers trying to wade the Rio Grande to the American side, it was announced at headquarters of the Forty-eighth infantry. Neither the American soldiers or prohibition officers crossed to the Mexican side. The two Mexicans wounded were of the four attempting to cross to the American side. The four soldiers were called to reinforce the immigration officers and immigration authorities when reinforcements to the liquor running expedition appeared on the Mexican side of the river and began firing.

## OPEN HOUSE PLANS FOR CONVENTION BEING MADE

**LOCAL ELKS TO ENTERTAIN VISITORS COMING BEHALF OF ANNUAL GATHERING**

Oh boy! Do you remember the one great round of good times that the folks of the southland enjoyed when the Elks' convention met in Los Angeles in 1915? Certainly you do. And perhaps the one outstanding feature of that whole week of festivities that you remember is the grand and glorious time extended the visiting Bills and their trailers who were the guests of the Glendale Elks one day of that week.

The Elks of the nation are again going to hold their convention in Los Angeles July 10-16 and Thursday, July 14, the Glendale lodge will keep open house for the visitors.

Dancing, refreshments and auto trips through San Fernando valley are some of the things already planned for that day. The morning of July 14 will be the grand parade.

## Mrs. R. C. Horner Is Hostess At Dinner

Mrs. R. C. Horner of 240 North Belmont street is entertaining today with a St. Patrick's dinner for her daughter Mabel. Appropriate games will occupy the evening. Decorations will be of green and white. The invited guests are Dorothy Humans, Frances Bourne, Pearl Dean, Dorothy Godard, Alberta Plasterer, Marjorie Current, Virginia Horner and sister, Mabel Horner.

## Picture Producers Oppose Clara Hamon

LOS ANGELES, March 18.—Exploitation of the Clara Smith Hamon case on the screen will be met with organized opposition from the motion picture industry itself, according to action taken today by the Photoplay League of America, a national association of film writers. The organization adopted a resolution declaring that she is not a fit character to be featured on the screen at this time. The resolution called upon other branches of the industry to take a similar stand on the Hamon case.

"Right now when everybody is talking about cleaning up the pictures is a poor time to permit the exploitation of such a case," said Wycliff A. Hill, president of the league and an independent producer.

## CITY'S PHONE TOLLS CASE NOW UNDER CONSIDERATION

**IMMEDIATE DECISION FROM STATE RAILROAD BUREAU IS NOT EXPECTED**

As predicted in The Evening News last night, the State Railroad commission has taken under advisement the readjustment of the present telephone toll rates between Glendale and Los Angeles, following a hearing in Los Angeles yesterday, attended by a delegation from this city, headed by Hartley Shaw, city attorney, E. P. Hayward, chairman of the railroads and public utilities committee of the Chamber of Commerce, and others interested.

The commission gave no intimation when a decision may be expected. The proceedings before the commission were given in The Evening News last night.

City Attorney Shaw, at the meeting of the Board of City Trustees last night, made a brief report on the proceedings. The hearing was also attended by Dwight Stephenson, president of the Board of City Trustees.

### Engineers to Report

City Attorney Shaw reported to the trustees that, at the conclusion of the hearing, it was announced that the engineering department of the commission will make an investigation and submit findings to the state board. He also stated that there was a division among the residents of Glendale, it was evident, regarding the tolls. Some favored the tolls remaining, especially the business men. It was declared at the hearing that the tolls acted as a "protective tariff" for the business interests of Glendale against the business section of Los Angeles.

Dr. Henry Harrower was one of the witnesses for the city and he declared that there were about 2,900 telephones in Glendale, the average rate is \$4.25; there are about 140,000 telephones in Los Angeles, the average rate is \$6.75; rate in Chicago \$4.50; Baltimore \$4.00; Denver \$3.50; Portland \$8.00. He urged the abolishment of the tolls.

On March 16 Ezra Parker, upon his own initiative, circulated a petition in the business section of Glendale having this heading: "We approve of the telephone tolls to Los Angeles remaining as it now is." It was brought out at the hearing yesterday that the petition was signed by fifty-five Glendale business men representing twenty-four classes of business.

Attorney Owen Emery, representing the Glendale Chamber of Commerce, was present at yesterday's hearing.

Airplane photographs taken in the vicinity of Glendale were produced by the telephone company as evidence to support a claim that the region between Glendale and Los Angeles was thinly settled.

It was the contention of the Glendale subscribers that as Glendale borders on the city limits of this city, with a considerable number of patrons being served in the intervening distance between the centers of population, the toll system should be removed and local service established.

The hearing also developed that if the tolls are removed, it is probable Glendale telephone users would have (Continued on Page 5)

## New Members For Glendale Guard Co.

Four new members were transferred to the Fifth Separate Company, National Guards, "Glendale's Own," last night from Company E., according to Captain Thomas D. Watson. They are Private Edwin W. Hamby, Herbert D. Miller, Millard W. Young and Otto P. Miller.

Southern California is in the forefront in the work of reorganizing the guardsmen, according to Col. R. H. Noble of Major General Hunter Liggett's staff, who is now in Los Angeles.

## Three Boxing Bouts For Legion Tonight

With State Commander Buron Pitts as the speaker, three boxing bouts as an extraordinary attraction and music and refreshments, the American Legion meeting tonight should be well attended by the former service men who are members.

### MADDOO GIVES HIS VIEWS

LOS ANGELES, March 18.—"I believe the republicans will have to adopt the general principles of foreign policy created by the last administration," William G. Maddoo said today after his arrival from an eastern trip.

## Locals And Personals

Miss Cora Powell of 410 East Elk  
street is enjoying a vacation at Fall  
Brook.

Mrs. Theodore F. Peirce of 317  
Vine street is entertaining friends  
from Wisconsin today.

Little Charles Holt of 128 North  
Adams street is recovering from a  
very severe attack of pneumonia.

Miss Pauline Moreno of Hotel Gray  
was a guest at a St. Patrick's party  
given by friends in Los Angeles yes-  
terday.

The drama section of the Tuesday  
Afternoon club is being entertained  
today at the home of Mrs. Max Green,  
140 South Jackson street.

Dr. W. R. Owens of Paragould,  
Ark., is visiting at the I. C. Leggett  
home, 1152 East Wilson avenue. He  
plans to locate in southern Califor-  
nia.

Mrs. George C. Harris of 1268  
South Mariposa street was operated  
on at a Los Angeles hospital yester-  
day for appendicitis. She is getting  
along very well.

The Paige-Price Furniture store is  
now outfitting the Glendale Research  
Hospital nurses' home at 412 Pied-  
mont Park, of which Miss Grace Mc-  
Kinley is head nurse.

Mr. and Mrs. J. H. McKeever of 413  
East Elk street have both been con-  
fined to the house with severe colds  
for the past ten days. The last re-  
port is that they are better.

R. E. Corrigan, factory representa-  
tive in this district for the Dodge  
Brothers Motor Car corporation,  
spent Sunday here with their local  
agent, George E. Clayton.

Mrs. Beryl Cross of 339 Pioneer  
Drive is entertaining Chapter B. A.  
P. E. O., at her home today. She is  
being assisted by Mrs. Hallie L.  
Stamps and Mrs. O. O. Clark.

Rev. Clyde M. Crist was in Bur-  
bank yesterday attending a meeting  
in connection with pre-Easter serv-  
ices which are being conducted by  
Rev. J. F. Allen of the First Metho-  
dist church of that city.

Mr. and Mrs. H. O. Melone and  
daughter Vivian, who have been liv-  
ing at the J. B. Doner home, 137  
North Orange street, have moved into  
their own home at the corner of Myr-  
tle street and Central avenue.

Mrs. George E. Clayton of 200  
South Orange street, Mrs. Louise  
Purnell of 353 Ivy street and Mrs. R.  
K. Hilton were the guests of Mrs. A.  
Ashton of Hollywood at a St. Pat-  
rick's luncheon given at her home  
yesterday.

There is a demand noted for  
women to do housework at the city's  
free employment bureau. Steno-  
graphers and day laborers are looking  
for work. Employers and employees  
can get together by phoning Glen-  
dale 1300.

Mr. and Mrs. F. H. Vesper of 321  
East Lomita avenue entertained at  
dinner last evening Mr. and Mrs. G.  
W. Merrill of Greeley, Colorado, who  
are spending the winter in Califor-  
nia. Mr. and Mrs. Vesper and Mr.  
and Mrs. Merrill were school mates  
in Wisconsin.

Mr. and Mrs. A. E. Guy of San  
Diego, who have been the guests of  
Mr. and Mrs. E. L. Osborn of 406  
West Wilson avenue for two weeks,  
have returned to their home. Mr.  
and Mrs. Adam Thomas of Montrose,  
Colorado, were also overnight guests  
of Mr. and Mrs. Osborn recently.

Mrs. Levi Chubbuck of 1420 Val-  
ley View Road and her friend, Mrs.  
A. E. Adams of Washington, D. C.,  
who is spending the winter in Glen-  
dale, were the luncheon guests yes-  
terday of Mrs. L. B. Curtis at her  
home in Hollywood. Other Wash-  
ingtonians who are spending the win-  
ter in southern California were also  
invited.

## Helping Hand Comes To Rescue Of Man

LOS ANGELES, March 18.—Saved  
from dreary years behind prison bars  
by a mysterious helping hand that  
reached out of the obscurity past,  
James A. Coffman, former El Paso  
saloonkeeper, was a free man today.  
Coffman pleaded guilty to violat-  
ing the Harrison narcotic law by hav-  
ing in his possession twelve ounces of  
morphine. Federal Judge Trippett  
fined him \$1,000. He had no money,  
he said.

"Just a minute," said Frank  
Dwyer, a white-haired sportsman, ad-  
vancing to the bench. "I knew this  
boy's dad. He was my pal back in  
Missouri. I'll pay the fine. What's  
a thousand between friends?"

Dwyer reached in his pocket, drew  
forth a roll of bills, peeled off ten  
centuries and paid the fine. He re-  
turned to his pocket a still bulkier roll.  
The two left the court room arm in  
arm.

In certain sections of the north-  
west farmers make their own refrig-  
erators by digging a well about  
twenty-five feet deep, putting rough  
stones on the bottom for drainage,  
and filling the well with snow. Wa-  
ter is poured on the snow making a  
pillar of solid ice, some of which re-  
mains all summer. Ladders built  
against the side of the pit facilitate  
entrance to the ice as it melts away  
toward the bottom.

## URGE VOTES FOR SCHOOL TRUSTEES

CAPTAIN THOMAS D. WATSON  
AND W. R. PHELON FAVORED  
BY NUMBER CITIZENS

The following statement, signed by  
a number of local citizens, was  
brought to The Evening News with  
the request that it be published:

We, the undersigned citizens and  
voters of Glendale, believing that the  
interests of the Glendale Union High  
school can best be served by having  
trustees whose business is located in  
Glendale, making it possible for them  
to be reached at any time during the  
day to decide any matters of impor-  
tance that may arise, and knowing  
that Capt. Thomas D. Watson and  
W. R. Phelon are men of the highest  
character and eminently qualified  
for the position of High School Trust-  
ees, do hereby endorse their candi-  
dacy and recommend their election on  
March 29.

Among the many peculiar trees of  
Australia are found the flame trees  
rising to nearly one hundred feet;  
the fire trees, the only tree that  
blossoms scarlet red, resembling a  
tree on fire; beef woods, leafless  
trees with drooping, rigid branchlets  
of the color of beef and the Indian  
figs, a wonderful, lofty tree of grace-  
ful form and brilliant color.

## FOUR ACT PLAY TO GLENDALE LODGE OF B. L. CLINE BUILDS BE FEATURE BY YOUNG PEOPLE ELKS WILL HOLD GREEN DANCE SCORE OF FINE HOUSES HERE

LOCAL TALENT WILL PRESENT  
"THE PILL BOX" TONIGHT  
AT BAPTIST CHURCH

The four-act play to be given by  
the young people of the First Baptist  
church tonight has awakened a good  
deal of interest among the younger  
set of Glendale. A large number of  
the popular young people of the Bap-  
tist church are to take part, and at  
the dress rehearsal last night, a good  
deal of talent was shown. The  
young people who are giving the en-  
tertainment, want it understood that  
every boy is invited, old and young;  
and no offerings will be taken.  
Doors will be open at 7:30 o'clock  
and the entertainment will start at 8  
o'clock. The name of the play is  
"The Pill Bottle," showing the work  
of medical missions in India. Ernest  
Grigg, chairman of the devotional  
committee of the B. Y. P. U., has the  
matter in charge, and deserves large  
credit for the success of the enter-  
prise.

Those Who Take Part

Following are the names of the lo-  
cal young people who will take part:  
Miss Margaret McPherson is the lead-  
ing character, who starts out as a  
graduate of an eastern college; sup-  
porting her in the first act, are:  
Miss Della Young, Miss Helen Cobb  
and Miss Nellie Rowe, college class-  
mates.

In the second act, Ernest Grigg  
and his sister, Miss Marion, enact the  
parts of father and mother of the  
heroine of the play, Miss McPherson,  
whose play name is Miss Barbara  
Lane. During this act Dale Wood,  
Edgar Schockley, Master Wesley  
Kent, men of India, come seeking a  
doctor's help for sick members of  
their family. Barbara decides to be  
a medical missionary.

The third scene shows a doctor's  
office full of patients waiting their  
turn to see the now-famous physi-  
cian.

The patients are Vesta Morrow,  
Dorothy Howard, Eleanor, Dor-  
othy and Pauline Rich, Helen  
Gobb, Grace Yarborough, Nellie  
Lore, Hazel Myers, Marjory Howard,  
Miss Miriam Rich is the Bible woman  
in this act. In the fourth act, the  
above named persons will complete  
the story. Many Oriental costumes  
will be worn.

## HALF BILLION TO BE USED ON ROADS

VARIOUS STATES HAVE BEEN  
TOLD BY VOTERS TO PUT  
HIGHWAYS IN SHAPE

Before the new year just com-  
menced has proceeded from infancy  
to senility it is quite possible that  
half a billion good hard dollars will  
have been spent for the maintenance  
of existing good roads and the build-  
ing of new good roads in the United  
States. As the result of recent elec-  
tions more than a billion dollars is  
now available.

During the past three years alone  
the various states of the union have  
authorized more than half a billion  
dollars in state bonds for the build-  
ing and maintenance of good roads  
but since the authorization of the  
issues the shortage of labor, the high  
price of labor and materials, the lack  
of proper railroad equipment and the  
very weak condition of the bond mar-  
ket very little of this money has  
been expended.

In only four states in the union  
during 1920 were road bond issues  
defeated, these states being Florida,  
Montana, New Mexico and Washing-  
ton. Aside from the money voted by  
the states there have been a whole  
flock of bond issues authorized by  
the various counties, which amounts  
total up to the imposing sum of  
\$261,971,537.

On top of the huge amounts of  
money voted by the states and the  
counties it is estimated that some-  
thing like \$160,000,000 of the Fed-  
eral Aid funds still are available,  
making a total of over a billion ap-  
propriated for highways and their  
maintenance. Inasmuch as much of  
the funds derived from the National  
government and the state and local  
bond issues will be spent during  
quite a period of years the money  
will not all be spent immediately.

TO MAKE IT EVEN

In a front line trench, not many  
yards from the German lines, a dusky  
doughboy with a mighty grievance  
and two African field pieces was just  
starting to reach a distant point in  
the shortest length of time when  
hailed back by his sergeant.

"You aims to suicide, boy?" in-  
quired the latter. "Ah you all  
gwine wid dem sh...?"  
"Leave me be," retorted  
the doughboy. "I gwine back to  
find dat big G... dat hit me  
in de haid wid... potato, and  
size—den he... down to mah  
dat's all."

ST. PATRICK AFFAIR TO BE  
FEATURED ON SATURDAY  
NIGHT BY CLUBMEN

Joy is in store for those who fol-  
low the Irish pastimes, for the  
entertainment committee of Glendale  
Elks, No. 1289, are planning to give  
a St. Patrick's or green dance Sat-  
urday, March 19.  
Decorations and refreshments will  
be entirely in green. Splendid dance  
music will be provided for this occa-  
sion.  
The committee in charge consists  
of J. F. Hearnshaw, chairman; J. E.  
Bellue, Emil Kiefer and H. L. Wha-  
ley.  
This is not an Irish costume affair,  
but the committee have invited their  
brother Elks to wear as much green  
as they wish.

## Thanksgiving Dinner Secures Early Start

CUERO, Tex. — Your Thanksgiv-  
ing dinner's getting started earlier  
this spring.

Suero turkeys—known by the an-  
nual Cuero Turkey Trot—are start-  
ing their families earlier this year.  
Mild weather is given as a reason by  
turkey growers.

There's going to be a bumper crop  
of Thanksgiving meat according to  
growers.

## STRIKE

"Man," quoth Rastus, "if Ah just  
raise mah fist once at you and let it  
drop, youse gwine whah watermelons,  
chickens and po'k chops blooms all  
de time."

"Dat's de dust time Ah was ever  
threatened by pleasure," said Sam.  
"Let her drop."

PLEASING BUNGALOWS BUILT  
BY CONTRACTOR SINCE  
END OF WORLD WAR

B. L. Cline, builder and contractor,  
who resides at 720 East Windsor  
Road, has been doing his bit since the  
end of the war in building and over-  
seeing the building of new houses in  
Glendale. Mr. Cline in the past year  
has finished twenty commodious  
bungalows in and near Glendale. At  
present he is building a dwelling  
house at 134 North Orange street  
which he intends to occupy himself.  
He recently became the owner of very  
valuable residence property at the  
corner of Central avenue and Lexing-  
ton Drive. He is also at the present  
time building a house on Ivy near  
Pacific.  
Mr. Cline has made marked im-  
provements in his residence property  
on Windsor Road. In the past eight  
years the property has been changed  
from a barren lot and a small house  
to a commodious home surrounded  
with beautiful trees and well laid-out  
grounds.

## State Dairy Products Sell For Huge Sum

BERKELEY.—The dairy products  
of the state of California in the year  
ending June 30, 1920, sold for \$95,-  
004,358, according to a report re-  
cently issued by the division of an-  
imal industry of the state department  
of agriculture.

## THE TIME LIMIT

"Miss Toots, will you marry me?  
I would gladly die for you," offered  
the wealthy, but aged suitor.  
"How soon?" queried that practi-  
cal twentieth century maid.

## SOUNDS SUSPICIOUS

Johnson had been one of the most  
diligent church workers in his town.  
When the war came he enlisted and  
came back a wiser, if not a sadder,  
man.

It was the first Sunday, and John-  
son had attended church from force  
of habit. It had been a long and  
tedious sermon, but at the close, the  
minister, seeing his old parishioner  
with eyes closed as if rapt in medi-  
tation, said:

"We will close the services with  
prayer. Mr. Johnson, will you lead?"  
"The devil I will," he snorted. "I  
just dealt."

**LAD SHOOTS FATHER**  
**IN HAND RESULT**  
**OF QUARREL**

**ARMED YOUTH THEN DEPARTS**  
**FOR HILLS; SEARCH BEING**  
**MADE BY OFFICIALS**

"Dear Mother—Father came  
 after me and I went after him."  
 That was the note left by "Bill"  
 Teasley, 15 years old, son of Mr. and  
 Mrs. William H. Teasley, 1001 Mel-  
 rose avenue, after a scuffle in which  
 the loaded automatic revolver which  
 he carried had been fired, penetrat-  
 ing one of the fingers on his father's  
 right hand.  
 "Bill" is believed by the police to  
 be hiding in the mountains and as  
 far as can be learned, his father will  
 not prefer any charge against him,  
 although the boy had vowed to kill  
 him, according to Mrs. Teasley's  
 story to the police. Juvenile author-  
 ities will likely prosecute the case,  
 however.

**Wants to Talk to Boy**  
 It was the death threat that led Mr.  
 Teasley to the home which he had  
 left some time ago, it is said. He  
 wanted to talk with the boy and stop  
 him from the career which he was  
 planning. Mrs. Teasley had warned  
 her attorney of the impending trou-  
 ble and the father was advised  
 against going to the Melrose avenue  
 place, but he did not feel afraid of  
 the boy.

His entrance was a sign for "Bill"  
 to "see red." He whipped out the  
 gun with which he had been practic-  
 ing, but Mr. Teasley was too quick.  
 In the fight for the gun, it was acci-  
 dentally exploded. The father went  
 for the police. "Bill" went to the  
 hills, where it is said he has a cabin,  
 taking a rifle along with him.  
 The police department has turned  
 the search over to the sheriff's office,  
 as the Teasley home is outside of the  
 city limits.

To break up old stone walls or  
 other masonry, drill a good sized hole  
 in the wall—making it bottle shaped  
 with as small an opening as possible.  
 Place quicklime in the hole to within  
 a few inches of the top and make a  
 tight-fitting wooden plug to drive in  
 the opening. Quickly pour in enough  
 water to slake the lime and drive  
 home the plug. The action is simi-  
 lar to that of a small portion of dy-  
 namite.

**ST. MARK'S AUXILIARY HOLDS**  
**SESSION; NEEDLEWORK IS**  
**AFTERNOON FEATURE**

The Woman's Auxiliary of St.  
 Mark's church met Wednesday after-  
 noon at the home of Mrs. R. L.  
 Humphrey, 426 North Maryland ave-  
 nue.  
 There were about fifteen present  
 including the officers, Mrs. Squires,  
 president; Mrs. A. Parker, secretary,  
 and Mrs. Wells, treasurer.  
 After the devotional services Arch-  
 deacon Stuck's book on his work in  
 Alaska was read.  
 Needlework for the missionary box  
 to be sent to Alaska about Easter  
 time occupied the remainder of the  
 afternoon, at the close of which re-  
 freshments were served.

**CLARA HAMON TO**  
**SUE FOR FORTUNE**

**FREED OF MURDER CHARGE,**  
**WILL MAKE FIGHT FOR**  
**PORTION OF ESTATE**

By CARL VICTOR LITTLE  
 United Press Staff Correspondent  
 ARDMORE, Okla., March 18.—  
 The scandal of the southwest had  
 been aired today and Clara Smith  
 Hamon was a free woman.

Clara, who for the last week has  
 faced trial for murdering Jake L. Ham-  
 on, millionaire Republican national  
 committeeman, was acquitted by the  
 jury late yesterday on the second  
 ballot after it had deliberated forty  
 minutes.

The immediate outcome of her ac-  
 quittal will be a suit for a portion of  
 the Hamon millions. During the  
 trial her attorneys said several times  
 that a suit would be started when  
 their client was set free.

**Complete Plans Not Made**  
 Attorneys are not ready to an-  
 nounce the exact nature of the suit  
 or the sum which will be involved.

Clara today had not determined  
 just what she will do as she starts  
 out on her new lease of life. She  
 has had offers to go in the movies;  
 to write books and magazine articles  
 and to do many other things.

Mrs. Jennie Sharples, of the World  
 Purify league, has been here all dur-  
 ing the trial, trying to induce Clara  
 to join the league and consecrate her  
 life to evangelism.

"Of course I can't say what I'm  
 going to do yet," she said. "But I  
 am not going to accept the one hun-  
 dred proposals of marriage that have  
 poured in to me during the trials."

**GREAT BARBECUE**  
**WILL BE FEATURE**

**GENERAL PUBLIC IS INVITED**  
**TO BE PRESENT SATURDAY**  
**AT WOODLAND HEIGHTS**

Saturday, March 19, is scheduled  
 as a red letter day for Burbank, for  
 at noon on that day Woodland  
 Heights tract, lying between Bur-  
 bank and the site of the Empire  
 China factory and from the Southern  
 Pacific railway to the foothills, will  
 be formally opened.

Founders of the new community,  
 adjoining this city, have planned for  
 a wholesale reception of visitors from  
 Burbank, Glendale, Los Angeles and  
 surrounding towns and are prepar-  
 ing to serve a mammoth barbecue  
 dinner from noon until 2 o'clock, as  
 well as provide ample musical and  
 other entertainment to make the  
 day a gala affair for tourists, auto-  
 mobilists and men and women gen-  
 erally who believe in the future of  
 the San Fernando valley.

General offices for selling pur-  
 poses are being constructed on the  
 site of the tract, just off San Fer-  
 nando boulevard, and at least six  
 other smaller stations will be lo-  
 cated at different spots to accommo-  
 date visitors. A complete barbecue  
 kitchen, with a trench for roasting  
 the juicy viands to be prepared and  
 served by the famous Jose Romero,  
 also is being constructed and accom-  
 modations will be set up for taking  
 care of several thousand persons at  
 lunch.

**Complete Survey Is Made**  
 A complete survey of the entire  
 tract has been made and roadways  
 have been built from the main boule-  
 vard, San Fernando road, to the  
 mountain slope. Cross thorough-  
 fares also have been established in  
 order that traffic may be carried over  
 the wide area.

Construction of residence and  
 business buildings has been withheld  
 until after the formal opening of the  
 tract on Saturday.

The rapid construction of the plant  
 of the Empire China company at the  
 intersection of San Fernando boule-  
 vard with the Southern Pacific rail-  
 way has acted as a strong stimulus in  
 the preliminary arrangements and  
 operations of the Woodland Heights  
 sales organization. Plans of the  
 company call for an expenditure of  
 \$250,000.

Before the completion of the first  
 unit of factory buildings in the  
 Woodland Heights area, housing ac-  
 commodations will be provided for  
 the workmen to be employed there.  
 The first section of the plant will re-  
 quire some 700 workmen to operate.  
 Many of these will be brought to  
 Woodland Heights from eastern  
 points.

Messrs. Kelly and Van Arsdol have  
 been appointed the Glendale agents  
 and will be glad to serve you at 300  
 South Brand boulevard. Phone  
 Glendale 1411.

Paper made from wood waste in  
 veneer factories is possible, accord-  
 ing to findings of the forest prod-  
 ucts laboratory. The cores of many  
 kinds of veneer and a large part  
 of the clippings are turned into  
 pulp stock for the manufacture of  
 high grades of paper.

**Beauty and**  
**Comfort**

**RESOLUTION NO. 1176**

A resolution submitting to the electors of the City of Glendale the question of the policy to be adopted in financing service mains for the water system.

WHEREAS, the water system of the City of Glendale is now in need of a large quantity of new local service mains and large additional quantities of such mains will be needed in the near future, and the cost of laying such mains needed and to be needed will be too great to be paid out of the revenue of said water system without an unreasonable and burdensome increase in the rates charged for water; and

WHEREAS, this Board has submitted to the electors of the City of Glendale at an election to be held March 29, 1921, a proposition to issue bonds in the sum of One Hundred Thousand (\$100,000.00) Dollars, for water pipes and mains and the designation of the particular pipes and mains for which the same should be expended, if voted, depends on the policy to be adopted in the matter of financing the cost of local service mains; and

WHEREAS, by reason of the matters aforesaid it is desirable that a definite policy to be hereafter followed for financing the cost of local service mains for said water system be now adopted and that the electors of said City of Glendale should determine the same;

NOW, THEREFORE, THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE DO RESOLVE:

Section 1. That this Board does hereby call a special election to be held in the City of Glendale on the 29th day of March, 1921, and submit to the qualified electors of said City at said election the two alternative propositions stated in the form of ballot hereinafter set forth, and does hereby pledge itself to adopt and follow whichever one of said two propositions shall receive the greater number of votes at said election as the policy of the City in the matter of financing the cost of all local service mains to be hereafter laid for the water system, including the cost of all service mains not over 4 inches in diameter, and also where a distribution main more than 4 inches in diameter serves also as a local service main a part of the cost of such distribution main equal to the cost of a 4 inch main in the same location.

Section 2. The election hereby called shall be held at the same time by the same election officers and at the same polling places as the election heretofore called to be held in the City of Glendale on the 29th day of March, 1921, to vote upon the adoption of a proposed freeholders' Charter, and the City Clerk shall provide and furnish to the election officers at each of such polling places a sufficient number of ballots for the election hereby called and also separate ballot boxes in which to place said ballots and separate tally lists therefor. The said election officers shall permit none but qualified electors of the City of Glendale to vote at the election hereby called, but no roster of voters or other list of electors so voting need be kept. The returns of said election shall be forwarded to the City Clerk and canvassed by the Board of Trustees in like manner as in case of other elections. The City Clerk shall also send out sample ballots for such special election hereby called. The ballots and sample ballots for said special election shall be in the following form:

**INSTRUCTIONS TO VOTERS**  
Each elector is requested to vote for one and only one of the alternative propositions stated below by marking an (X) after the proposition he favors. The Board of Trustees of the City of Glendale have agreed to adopt and follow as the policy of the City in the matter of financing the cost of local service mains to be hereafter laid whichever of said two propositions receives the greater number of votes.

Proposition No. 1. The cost of all local service mains hereafter installed in the City of Glendale, including all service mains not over 4 inches in diameter, and also where a distribution main larger than 4 inches in diameter is also used for a local service main, a part of the cost of such distribution main equal to the cost of a 4 inch main in the same location shall be paid from the proceeds of general municipal bonds of the City of Glendale, and the principal and interest of such bonds shall be paid by a tax levied on all property in said City.

Proposition No. 2. The cost of all local service mains hereafter installed in the City of Glendale, including all service mains not over 4 inches in diameter, and also where a distribution main larger than 4 inches in diameter is also used for a local service main, a part of the cost of such distribution main equal to the cost of a 4 inch main in the same location shall be paid by local assessment on the property served by such mains.

Section 3. The City Clerk shall certify to the passage of this resolution and cause the same to be published once in the Glendale Evening News, a daily newspaper published and circulated in said City, and the same shall take effect and be in force immediately upon its passage.

Passed by the Board of Trustees of the City of Glendale this 17th day of March, 1921.

**DWIGHT W. STEPHENSON,**  
President of the Board of Trustees of the City of Glendale.

Attest:  
**J. C. SHERER,**  
City Clerk of the City of Glendale.  
**STATE OF CALIFORNIA,**  
COUNTY OF LOS ANGELES, (SS.  
CITY OF GLENDALE.)

I hereby certify that the foregoing resolution was passed by the Board of Trustees of the City of Glendale at their regular meeting held on the 17th day of March, 1921.  
**J. C. SHERER,**  
City Clerk of the City of Glendale.

**CITY'S PHONE TOLLS BRIDGE WORK WILL CASE NOW UNDER CONSIDERATION**

**IMMEDIATE DECISION FROM STATE RAILROAD BUREAU IS NOT EXPECTED**

(Continued from Page One)  
To pay the same rates for telephones now in effect in Los Angeles, plus a mileage charge, which would, it was declared, make telephone costs in Glendale practically prohibitive to most people.

**Census Is Suggested**  
During the hearing an engineer for the commission suggested that a census be taken of telephone users in Glendale as to whether they wanted the tolls removed and then pay the same rate as Los Angeles, plus an additional mileage charge, or whether the tolls should remain and the charges for telephone stay as at present.

The trustees last night in discussing this suggestion did not receive it favorably for the reason that the cost of making the investigation, which would have to be borne by the city, would be too great. It was also declared that the hearing showed that comparatively few people in Glendale, according to the telephone company's records, are paying the tolls to the telephones, it was claimed, have but few toll calls.

In view of this showing, Trustee Henry suggested that the matter be dropped, so far as the trustees are concerned, until a decision is announced by the commission.

**Wait May Be Long One**  
When the commission will make a decision is not known, but judging from the past work of the commission, it was pointed out that a report will not be forthcoming in the immediate future.

"If the commissioners were not permitted to draw a salary until a decision was handed down, perhaps we would get quick action," commented President Stephenson of the trustee board.

Some of those attending the hearing in Los Angeles yesterday were of the belief, after hearing the testimony, that the question to be decided by the commission is not whether the tolls shall be removed, but whether the charge is too high.

Technical evidence will be put before the Railroad commission engineers before judgment is passed. The hearing was before Chester H. Rowell and H. W. Brundage, Los Angeles members of the commission.

I. F. Dicks, division superintendent of the company, declared on the stand that he thought the company would have to invest \$274,000 for new trunk lines to Glendale, for new switchboard sections in Los Angeles exchanges, and for other expenditures should the change from the toll system to the local service system be forced.

The attention of the witness was then called to the fact that in the answer the company filed to the application for removal of the toll charges, it was estimated by the company that the amount the company would have to invest would be approximately \$77,000. Dicks was asked to explain why his estimate had been considerably raised from the figures contained in the filed answer.

**Attorney's Explanation**  
J. W. Shaw, attorney for the telephone company, came forward with the statement that the figures contained in the answer had been hurriedly compiled, and were a basis for the emergency handling of the local service should the company suddenly have to change the service, and that the estimated figure of \$274,000 was for establishing the change on a permanent basis.

Questioning testimony by a witness for the telephone company, who asserted that there has been a large increase in the number of telephone calls over all company lines, Commissioner Brundage asked, "Do you mean to say that people talk more than they used to?"

"Yes, they do," was the answer. "The telephone has become a vitally important factor in business."

**Thousands Of Acres In Rice Being Planned**

**WILLOWS**—Despite the heavy losses suffered during the present season, indications now point to the planting of another large acreage of rice in Glenn County this year. It was learned here this week that 1000 acres will be planted on the Stanley Moore ranch, and 4000 acres on the Kin & Porter property.

Some of the rice growers, who were unable to harvest their crop of rice this season will experiment this year with the rice that is still standing in the fields. Instead of re-sowing the land, they will turn the water on the fields and germinate the seed that now covers the ground. The experiment will be tried on some 2200 acres of the B. P. Gross project, which is unharvested.

The government is sending to Australia certain insects that prey upon the prickly pear cactus which has become a first class nuisance in that country.

**CONCRETE STRUCTURE TO BE ERECTED OVER TUJUNGA, CONNECTING ROUTES**

The State Highway commission has advertised for bids for the construction of the bridge on Whittier boulevard, across the Rio Hondo, to replace the old bridge that was destroyed by fire during last year. Bids will be opened by the commission on April 6.

Information given out by Supervisor Jonathan S. Dodge is to the effect that plans, and specifications have been prepared and approved by the state highway engineer and the county bridge engineer for the new concrete bridge to be built across the Tujunga river, connecting the state highway extending from San Fernando to Pasadena, and that bids will be requested within the next two weeks. By starting this bridge early in the spring, it is expected that it will be fully completed and in use prior to the fall rains.

This new highway when opened will form a short connection between the state highway at San Fernando and the Foothill boulevard, and will open up a scenic drive that is unexcelled by any in the county.

**Southern California**

**Most Frequently Robbed**

A general merchandise store at Walnut claims to be the most frequently robbed place in Los Angeles county. It was robbed early yesterday again of \$400 in merchandise.

**Lady Strathcona Arrives**

The latest arrival in Pasadena's colony of notables this spring is Lady Strathcona of London, widow of the famous Hudson's Bay company governor and Canadian empire builder. Today she motored through Glendale to visit the motion picture studios in Hollywood.

**Water Rates Increased**

Pasadena's municipal water rates were increased on vote of the city commission from 60 to 90 cents per 500 cubic feet. The raise amounts to about \$60,000 additional revenue a year. Drinks do come high these warm days.

**East and West Debate**

Morningside college of Sioux City, Ia., is sending a debating team to Redlands college for an East vs. West tilt. The question is, "Resolved, that immigration into the United States should be further restricted by additional literacy tests." Harold Scott, Clyde Reid and J. W. Brougher, Jr., will represent Redlands, while Leon Hickman, Ralph Long and Andrew Stoffer will represent Morningside.

**Jackie Coogan on Stage**

Jackie Coogan, who is about as well known as any motion picture actor around Glendale, being the "kid" star of "Peck's Bad Boy," which was filmed here, goes up another notch, according to the latest from New York. He is signed to play over the Keith vaudeville circuit at \$2500 a week. And all he has to do is tell stories about his film experiences. Wonder what he will say about Glendale?

**Veterans Will Picnic**

Disabled veterans of the world war will picnic at Griffith park tomorrow, being guests of the Los Angeles posts of the American Legion and the Better American federation. Motorists will take the boys to the park in the morning and take them back to their respective hospitals. Anyone wishing to contribute a car is urged to call Andrew Baldwin at Broadway 148.

**Will Dodge Skipper**

When Frederick O'Brien, the author of "White Shadows in the South Seas," who has been residing in Glendale, returns to the islands, he is going to keep far, far away from Tahiti, according to a story told by him.

It seems that O'Brien made one Captain Winchester, skipper of the schooner Tiare Taporo, known to fame as "Lying Bill." This brought on a libel suit which will cost the author 10,000 francs judgment if he visits Tahiti.

But he won't. He's going to see Samoa, New Guinea, the Solomon Group, Fiji, New Hebrides, New Caledonia, Borneo and others.

**Young Farmer Winner Prize For Embroidery**

**RICHMOND, Ind.**—Charles Endsley, a young farmer, won the sweepstakes prize for the best example of hand embroidery at a township farmers' institute at Boston, Wayne county. He won over a field of a dozen women.

**Once Sailed As Ship Boy, Now As Viceroy**

**LONDON**—Lady Reading thinks it is "like a fairy-tale" that her husband who when 15 years old went to India as a ship's boy, is now going to land at Bombay as Viceroy.

Quite soon now, Lady Reading will be receiving veiled ladies at Purdah parties. Discussing her approaching departure, Lady Reading said she was looking forward very much to the whole affair, except that she would have to leave her "beloved grandchildren."

Lady Reading has spent much time studying the problems of the women of India and hopes to be a great help to them.

**ORDINANCE NO. 431**

**AN ORDINANCE OF THE CITY OF GLENDALE, DECLARING THE INTENTION OF THE BOARD OF TRUSTEES OF SAID CITY TO CALL AN ELECTION IN THAT PART OF THE CITY OF GLENDALE CONTAINED WITHIN THE BOUNDARIES OF A PROPOSED MUNICIPAL IMPROVEMENT DISTRICT, TO BE KNOWN AS "MUNICIPAL IMPROVEMENT DISTRICT NO. 4 OF THE CITY OF GLENDALE," FOR THE PURPOSE OF SUBMITTING TO THE QUALIFIED ELECTORS OF SAID DISTRICT THE PROPOSITION OF AUTHORIZING THE ISSUANCE AND SALE OF BONDS OF SUCH DISTRICT.**

WHEREAS, A petition was filed in the office of the City Clerk of the City of Glendale on the 3rd day of March, 1921, requesting that proceedings be taken in pursuance of an Act of the Legislature of the State of California, entitled, "An Act to Provide for the Formation of Districts within Municipalities, for the Acquisition or Construction of Public Improvements, Works and Public Utilities, for the Issuance, Sale and Payment of Bonds of such District to meet the Cost of such Improvements, and for the Acquisition or Construction of such Improvements," approved April 20th, 1915, and amendments thereof, for the purpose of acquiring and constructing works for distributing and supplying water to the inhabitants of such district, including the acquisition of lands, waters, water rights, easements, rights of way, structures, pipes, pipe lines, apparatus and all other property, and the constructing of mains, conduits and other works necessary for such purpose, and

WHEREAS, It appears and is hereby found that said petition is signed by not less than ten (10) per cent of the qualified electors residing in the territory which is proposed to be formed into the said Municipal Improvement District, and

and necessity require that proceedings be taken as requested in said petition;

NOW, THEREFORE, The Board of Trustees of the City of Glendale do ordain as follows:

SECTION 1. That it is the intention of the Board of Trustees of the City of Glendale to call an election in that certain proposed Municipal Improvement District having boundaries as hereinafter described, or as may be changed in the manner provided in the aforesaid Act, for the purpose of submitting to the qualified electors of said District the proposition of authorizing the issuance and sale of bonds of such district in the manner prescribed in said Act, approved April 20th, 1915, and amendments thereof, for the purpose of acquiring and constructing works for distributing and supplying water to the inhabitants of such District, including the acquisition of lands, waters, water rights, easements, rights of way, structures, pipes, pipe lines, apparatus and all other property, and the constructing of mains, conduits and other works necessary for such purpose.

SECTION 2. That the exterior boundaries of the proposed Municipal Improvement District to be known as Municipal Improvement District No. 4 of the City of Glendale, are bounded and described as follows, to-wit:

Beginning at a point where the northerly Right of Way line of the Pacific Electric Railway is intersected by the Southerly prolongation of the Easterly line of Lot 10 of the Hunter Subdivision of a part of the Rancho San Rafael as per Map of same recorded in Book 5, Page 395 of Miscellaneous Records of Los Angeles County, California; thence northerly along said southerly prolongation of the Easterly line of said Lot 10 and along the Easterly lines of Lots 7 and 8 of said Hunter Subdivision and the Northerly prolongation of said Easterly line of said Lot 7 to a line drawn 30 feet northerly from and parallel with the Northerly line of said Lot 7 of said Hunter Subdivision; thence Westerly along said line so drawn 30 feet Northerly from and parallel with the Northerly line of Lots 7 and 8 of said Hunter Subdivision to the center line of Grand View Avenue; thence Northerly along said Southerly prolongation of said center line of Grand View Avenue and the center line of said Grand View Avenue to the center line of Mountain Street; thence northwesterly along said center line of Mountain Street to its intersection with the westerly boundary line of the City of Glendale; thence southwesterly, southeasterly, southwesterly, southeasterly following the various courses of the westerly boundary lines of the City of Glendale to a point on said westerly boundary line seven hundred and fifty (750) feet northwesterly measured thereon from the northwesterly line of Tract No. 646, as per map recorded in Book 15, Pages 162 and 163 of Maps, Records of aforementioned County;

thence northeasterly in a direct line to the point of beginning.

That the proposed improvement in said District is the acquisition and construction of works for distributing and supplying water to the inhabitants of such District, including the acquisition of lands, waters, water rights, easements, rights of way, structures, pipes, pipe lines, apparatus and all other property, and the constructing of mains, conduits and other works necessary for such purpose; that the estimated cost of said proposed improvement is Twenty-nine thousand, five hundred dollars (\$29,500.00) and the estimated amount of the incidental expenses in connection with said improvement is Five Hundred Dollars (\$500.00).

That on the 26th day of April, 1921, an election will be called in said District for the purpose of submitting to the qualified voters thereof the proposition of incurring indebtedness by the issuance of bonds of such district to pay the cost and expenses of said proposed improvements;

That a map showing the exterior boundaries of said District with relation to the territory immediately contiguous thereto, and a general description of the proposed improvement are on file in the office of the City Clerk of the City of Glendale; which said map shall govern for all details as to the extent of the said district.

That the 31st day of March, 1921, at 8 o'clock p. m. in the Council Chamber at the City Hall, in the City of Glendale (that being the place where the regular meetings of the Board of Trustees of the City of Glendale are held), is hereby fixed as the date, hour, and place for the hearing of protests which shall be in writing, and filed with the Clerk of said Board of Trustees at or before said time of hearing, as provided for by said Act, approved April 20th, 1915.

SECTION 3. The City Clerk shall certify the passage of this ordinance by the Board of Trustees of said City, and cause the same to be published once a day for six days in the Glendale Evening News, a daily newspaper, printed, published and circulated in the City of Glendale and in said district.

**DWIGHT W. STEPHENSON,**  
President of the Board of Trustees of the City of Glendale.

Attest: **J. C. SHERER,** City Clerk of the City of Glendale.

**STATE OF CALIFORNIA, COUNTY OF LOS ANGELES, CITY OF GLENDALE—SS.**  
I, J. C. Sherer, City Clerk of the City of Glendale, do hereby certify that the whole number of members of the Board of Trustees is five (5), and that the foregoing ordinance was passed and adopted by the said Board of Trustees and approved by the President of said Board at a regular meeting thereof held on the 17th day of March, 1921.

In Witness Whereof, I have hereunto set my hand and official seal of the City of Glendale this, the 17th day of March, 1921.  
**J. C. SHERER,**  
City Clerk of the City of Glendale.

NUMBER OF BOOKS GIVEN TO INSTITUTION; DISPLAY OF ART IS PROPOSED

Members of the Glendale public library staff, who have been working so diligently for the public have been doing so with the hopes of instilling a degree of interest and co-operation of the people. This interest has been manifesting itself in the many donations of books and other gifts which have been received by the library.

Contributions received include those from Mrs. Shuey, historical works, standard fiction, Redpath's history, and other books; Mrs. Brain, miscellaneous books; "Modern Constitutional Development in China," donated by the mother of Harold M. Vanacke, the author of the book; and miscellaneous contributions of books.

Painting Is on Display Through the kindness of John W. Cotton, one of his very handsome paintings is now on display at the library and a very cordial invitation is extended the public to come to inspect this work of art.

A very valuable addition which has been purchased by the library is "Granger's Index of Illustrations and Poems."

This index will enable anyone who has the name of the author of a poem, the title or the first line to locate it in the library.

There will be an art display of the work of John W. Cotton at the library some time in June. Art lends itself to the dignity of the library and his interest is indeed gratifying to those having the interests of the institution at heart.

## MEXICANS SHOOT TWO AMERICANS

BATTLE BETWEEN SMUGGLERS AND U. S. SOLDIERS IS HELD UPON BORDER

EL PASO, Tex., March 18.—The battle between Mexican smugglers and United States soldiers and immigration authorities, across the Rio Grande, near here, quieted down early today after a night of firing. Two Americans were slightly wounded.

The Mexicans are believed to have suffered some casualties.

The battle, in which scores of shots were exchanged, started shortly before midnight when American immigration guards surprised a group of Mexicans wading the river. They were believed to be smugglers of liquor or drugs.

### Mexicans Open Fire

The Mexicans opened fire and returned to the Mexican side. Rifle fire was started immediately from the Mexican side from aides of the smugglers along the river.

A detachment of soldiers from the 48th infantry was rushed to the scene from El Paso when the American immigration guards appealed for assistance.

The soldiers kept up the fire until nearly dawn, with occasional shots from the Mexican side.

## River Holds Record For Generating Power

OROVILLE, Cal.—With the final completion of the eight power house locations selected by the Western Power company, the Feather river will generate a greater amount of electricity annually than any other river in the United States, according to J. M. Howells, general manager of the company.

Howells declared that in all of the water that flows over Niagara river, it alone can vie with the Feather river as a producer of electrical energy.

### STILL THE WINNER

The other night a young man was visiting his best girl, and he stayed on and on until she became very sleepy, indeed. Also she had to work the next day and thought it was time to give him a hint that it was time for him to go home. Finally, she said, "Don't you think you had better phone for a taxi to go home in?" It's so late now and there have been several robberies out in this part of town after midnight.

The young man was visibly pleased at her suggestion. "Oh, yes, please do," he returned. "I'm not afraid, but the taxi will take me home so much faster than I can stay at least an hour longer."

### HORRIBLE FATE

"Nossuh," ejaculated ex-Private Perkins. "Nossuh, Ah could have went in de air service but Ah done picked de laborin' battalion. S'pose Ah'd been a pilot an' de world had come to an end while Ah was up in de air and lef' me to starve to death. No-Suh!"

## ORDINANCE NO. 433

AN ORDINANCE REGULATING THE KEEPING OF DOG KENNELS IN THE CITY OF GLENDALE.

THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE DO ORDAIN AS FOLLOWS:

SECTION 1. For the purposes of this ordinance a dog kennel is hereby defined as a place where more than two dogs shall be in the possession of the same person or kept on the same premises at one time, or where any dogs are bred or kept for the purpose of sale or breeding.

SECTION 2. It shall be unlawful for any person, firm or corporation to establish, keep, or maintain any dog kennel in the City of Glendale unless there has been first procured and is in full force and effect a license from the said City of Glendale so to do.

SECTION 3. Any person, firm, or corporation desiring to obtain such license shall file a written application therefor with the Board of Trustees stating the proposed location of such dog kennel, the name of the applicant and the maximum number of dogs to be kept therein at any one time. The Board of Trustees shall investigate said application and may, if they find that the proposed location is suitable and proper for the keeping of the number of dogs mentioned in the application and that the establishment of such dog kennel as proposed will not create a nuisance or disturb the peace of persons living in the vicinity, grant such application, and thereupon a license may be issued to the applicant in like manner and under the same terms and conditions as provided for other licenses in the City of Glendale.

SECTION 4. The license fee for keeping or maintaining a dog kennel in the City of Glendale shall be the sum of \$12.00 per annum.

Said annual license fee shall be for the calendar year ending December 31st, and shall be due and payable on the first day of January of each year; provided, that the license for the year 1921 at the rate above mentioned shall be due and payable immediately on the taking effect of this ordinance, and provided further, that when licenses are issued after the beginning of the calendar year the same may be pro-rated according to the remaining portion of the calendar year. Said license fee when paid shall be in lieu of all other taxes and licenses on the dogs kept in said dog kennel, not exceeding the number for which said license is paid; provided, however, that said dogs shall not be allowed to run loose or at large, but shall at all times be kept within said kennel or under the immediate control of some person by means of a leash, strap or chain; and for any dog allowed to run loose or at large, and for each dog kept in any dog kennel in excess of the number for which a kennel license is paid, the regular dog license imposed by other ordinances of the City of Glendale shall be paid regardless of the payment of any kennel license by the owner or possessor of said dog.

SECTION 5. The license issued for the keeping of any dog kennel may be revoked by the Board of Trustees after notice to the holder thereof and a hearing at any time when it appears to said Board of Trustees that such dog kennel is being kept in an unsanitary manner or that by reason of the number of dogs kept therein or the proximity thereof to the residence of other persons the same constitutes a nuisance or disturbs the peace of other persons living in the vicinity thereof.

SECTION 6. Any person, firm or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punishable by a fine of not more than Fifty (\$50.00) Dollars, or by imprisonment in the County Jail of the County of Los Angeles for not more than twenty-five (25) days, or by both such fine and imprisonment. A separate offense shall be deemed to exist hereunder for each day that any violation of this ordinance continues.

SECTION 7. The City Clerk shall certify to the passage of this ordinance and cause the same to be published once in The Glendale Sentinel-Progress, a weekly newspaper published and circulated in said City.

Passed by the Board of Trustees of the City of Glendale this 17th day of March, 1921.

DWIGHT W. STEPHENSON,  
President of the Board of Trustees.

Attest: J. C. SHERER, City Clerk.

STATE OF CALIFORNIA, COUNTY OF LOS ANGELES, CITY OF GLENDALE—SS.

I, J. C. Sherer, City Clerk of the City of Glendale, do hereby certify that the foregoing ordinance was passed by the Board of Trustees of the City of Glendale at a regular meeting thereof held on the 17th day of March, 1921, by the following vote, to-wit:

Ayes: Bartlett, Henry, Lapham, Robinson, Stephenson.

Noes: None.

Absent: None.

J. C. SHERER,  
City Clerk.

## ORDINANCE NO. 434

AN ORDINANCE REGULATING THE EXHIBITION, CONDUCTING AND CARRYING OF CERTAIN SHOWS, EXHIBITS AND PLACES OF AMUSEMENT IN THE CITY OF GLENDALE.

THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE DO ORDAIN AS FOLLOWS:

SECTION 1. It shall be unlawful for any person, firm or corporation to establish, set up, maintain, exhibit, conduct, or carry on in the City of Glendale any circus, menagerie, wild animal show, trained animal show, Wild West show, Ferris Wheel, Merry-go round or country fair, or other similar places of amusement, or travelling show, fair, museum, exhibition, or place of amusement of any kind, without first obtaining a permit from the Board of Trustees of said city so to do.

SECTION 2. Any person, firm or corporation desiring to obtain the permit required by Section 1 hereof shall file a written application therefor with said Board of Trustees, stating therein the nature of the show, exhibition or place of amusement for which the permit is desired, the names of the proprietor and of the person to be in immediate charge thereof, and the location at which the same is to be carried on. The Board of Trustees shall thereupon investigate the matter of said application in such manner as they deem best; and if they find that the proprietor and the person to be in immediate charge of said proposed show, exhibition, or place of amusement are of good moral character, that said proposed show, exhibition or place of amusement is not of such character as to disturb the public peace or be injurious to good morals, and that the conducting thereof in the proposed location will not disturb the peace and quiet of any considerable number of persons residing in the vicinity thereof, they shall grant the permit applied for; otherwise they shall deny the same.

SECTION 3. No license shall be issued for any show, exhibition or place of amusement mentioned in Section 1 hereof until a permit therefor has been granted by the Board of Trustees as herein provided.

SECTION 4. Any person, firm, or corporation violating any of the provisions of this ordinance shall be guilty of a misdemeanor and, upon conviction thereof, shall be punishable by a fine of not more than Three Hundred (\$300.00) Dollars or by imprisonment in the county jail of the County of Los Angeles for a period of not more than three months, or by both such fine and imprisonment. A separate offense shall be deemed to have been committed under this ordinance for each day that any violation thereof continues.

SECTION 5. The City Clerk shall certify to the passage of this ordinance and cause the same to be published once in The Glendale Sentinel-Progress, a weekly newspaper published and circulated in said City.

Passed by the Board of Trustees of the City of Glendale this 17th day of March, 1921.

DWIGHT W. STEPHENSON,  
President of the Board of Trustees of the City of Glendale.

Attest: J. C. SHERER,  
City Clerk of the City of Glendale.

# Many Matters Considered At Meeting Of Board Of City Trustees Last Night

## SEPTIC TANKS FOR CENTURY PLANT IS ADDITIONAL AID TO RESIDENCES WILL GET TRY-OUT

## DOOMED; CANNOT BLOOM HERE

## HEALTH OFFICER IS ALLOWED

EXPERIMENT, IF SUCCESS, IS EXPECTED TO POSTPONE ISSUANCE OF BONDS

Formal authorization of an experiment as to the merits of a septic tank system in residential sections of the city was decided upon by the Board of City Trustees in session last night in an effort to solve one angle of the sewage disposal problem.

Septic tanks for residences having not more than six occupants will be installed instead of cesspools and the results watched in the belief that, perhaps, the individual tanks will prove better than cesspools and so postpone the necessity of voting bonds to care for the sewage in the residential districts. The experiment will not, it was explained, interfere with the proposition to install a sewage disposal system in the business district or in the Verdugo district.

George B. Woodberry, member of the committee of twelve appointed by authorization of the Board of Trustees to study the sewage disposal problem and consult with Olmsted & Gillette, sanitary engineers, appeared before the trustees last night and urged that the individual septic tanks, such as are being used in Los Angeles and other communities, be tried in Glendale.

### Experiment Authorized

Mr. Woodberry entered into a detailed explanation of the tank, the soil conditions of Glendale and the sewage problem generally. He declared that if the septic tanks prove a success, it is more than possible the submission of a bond issue for a sewage disposal system in the residential section of the city can be postponed for a period of years.

He stated that the septic tanks would cost about the same as a cesspool and he urged that several be placed about the city and the experiment watched. He asked for the authorization of the trustees to proceed, with the understanding that if the septic tanks should cost more than the cesspools, the difference be paid for by the city, so that the property owner's installing them would not be forced to the additional expense, if any.

### Favored by Trustees

The proposed experiment met with favor on the part of the trustees. Dwight Stephenson, president of the board, declared that if the septic tanks were a success, the city could well afford to bear the entire cost of installation for the experiment, for it would, to a great degree, solve the sewage disposal problem in the residential section of the city.

Trustee Robinson suggested that the tanks be placed in both light and heavy soil, so that the experiment might have a thorough "work out." Mr. Woodberry agreed with this and said it would be done.

Trustee Henry also favored the trial and declared it would be a good thing for the city if the tanks were shown to be successful. It was on the motion of Trustee Henry that the board decided to make the experiment, the understanding being that individual property owners in the residence section may install the tanks, under the direction of the sewage disposal investigation committee of twelve, and if the cost is more than that of a cesspool the city will pay the difference.

CRIS OF PRICKED PEOPLE ARE HEARD AND BOARD OF TRUSTEES ACTS

The century plant is presumed to bloom but once every 100 years. But the stickers on the century plant are ever present to prod pedestrians in tender spots.

So the century plant, bloom, stickers and roots, must go from the parkways of the city of Glendale.

The Board of City Trustees has spoken. In time, pedestrians will no longer feel the prod of the pestiferous stickers. Parkways of the city are to be cleared of the pest.

No more will people be permitted to install a century plant in the parkway and then sit back and wait 100 years for it to bloom, meanwhile silently snickering if a pedestrian should happen to come in contact with said stickers that poignantly protrude.

No, the Board of Trustees last night pulled the curfew for the century plant. The board decided 100 years was too long to wait for anything—even a beautiful bloom on a century plant.

### Cries of Anguish Are Heard

The trustees have heard the cries of anguish arising from pricked pedestrians. Protests of people who have come in contact with the century plant have reached the municipal officials.

The trustees realize that some sore spots may be caused by the removal of century plants from parkways. But what are those sores compared to the sore spots of pedestrians who have, while hurrying home, come in contact with a stinger!

It takes 100 years for the century plant to bloom; it takes a split second for one to bayonet a pedestrian. So hereafter permission will not be given to put century plants in parkways—and just as quickly as possible, those now scattered about the city will be carted to the municipal dumps—wherever the city discards useless things.

Following protests against the presence of the plants, the trustees discussed the evil, until Trustee Bartlett who moved that they be prohibited.

"Fine idea!" agreed Trustee Lapham.

"You can sit down on 'em planting the plants, but you can't sit down on the plants," opined Trustee Robinson.

And so the verdict was reached; the century plant must go.

No longer will it bloom  
Where there's no room  
For people like me and you  
To walk unafraid, two by two.

The century plant's licked  
By the people it's pricked.  
"It must come up by the roots!"  
Cry the trustees in cahoots.

## Asks For Views On Postoffice Question

The Evening News is in receipt of the following communication from Dr. Henry Harrower:

"Editor The Evening News:—I should be glad to have you assist me in securing some information in regard to the postoffice situation here. "Of course there are two sides to every question, and there are a number in Glendale who are thoroughly convinced that we ought to have and deserve an independent postoffice. As the chairman of a committee on this matter of our Chamber of Commerce, I am anxious to get as much information on each side as I can; and I am writing to ask if you will not invite your readers to send to me, as briefly stated as possible, their reasons for wanting an independent postoffice.

"If these reasons could be very briefly tabulated on a post card and addressed to Dr. H. R. Harrower, Glendale, California, I could tabulate these findings and give me a more satisfactory report at such time as I may be able to do so.

"If you can invite the business men of the town and others who are interested in this matter to give me an expression of their attitude, I should be very grateful.

"Very truly yours,  
HENRY R. HARROWER."

## Official Minutes Of City Clerk

At the regular meeting of the Board of City Trustees last night the following business was transacted: Board assembled at 8:10 p. m., all members present. The minutes of the regular meeting of March 10, 1921, were read and approved.

### Permit Wanted

V. M. Hollister addressed the board requesting a permit to install certain machinery in a building which he purposes to erect on the corner of Maryland and Wilson avenues. He was requested to put application in writing.

**Report from Committee on Sewage.**  
G. B. Woodberry, as a member of the citizens' committee to investigate the sewage question, addressed the board, and in this connection a communication was read from L. S. Hayward, secretary of the citizens' commission, requesting that the city, after ascertaining the difference in cost between an ordinary cesspool and a septic tank, install two or more in the city where opportunities may offer, paying the difference in cost if any as a part of the necessary investigation of the question of sewage disposal. Mr. Woodberry explained the workings of the septic tanks, urged that the value be demonstrated in the manner suggested in the communication. On motion of Trustee Henry, request of the commission was granted and the city manager instructed to take necessary action to put it into effect.

**Appointment Confirmed.**  
The city marshal recommended the appointments of G. C. Delgado and J. H. Lauritzen as patrolmen and the same were approved.

**Map Approved.**  
Resolution No. 1173 was adopted approving map of Selvas de Verdugo sheet No. 8.

**Water to Outside Territory.**  
Mr. Dutcher, owner of a tract of land outside of the city limits, addressed the board wishing to be informed as to the intention of the trustees in regard to continuing to furnish water to the tract of land owned by him outside the city. Agreement between the city and Mr. Dutcher covering this matter was referred to the city attorney.

**Request of Bannister & Day.**  
The city manager stated that Bannister & Day, contractors for the construction of the 300,000-gallon reservoir in the Grand View district, were anxious to start work. The city attorney stated that in his opinion the city had on this date confirmed the sale of the lot on which the reservoir was to be constructed, and on motion of Trustee Henry it was ordered that contractors Bannister & Day be authorized to go ahead with the work providing the superior court has on this date confirmed the sale.

**Opening Wilson and Salem.**  
The city engineer reported in regard to application made by Edwards & Wilkey and John Todd for the opening and extension of Salem street and of Wilson avenue, that both petitions are signed by representatives of majority of frontage.

**Permit Granted.**  
An application from Joseph Kirby for permission to excavate in Verdugo road for the purpose of laying water pipe in front of Lot 1, Tract 656, and in front of a portion of Lot 8 of the Verdugo estate, was granted.

**Communication From W. H. Thompson.**

W. H. Thompson, property owner in the Grand View district, in a communication to the board, desired information concerning proposed water distribution system in that part of the city. Referred to the committee of the whole.

**Granted Vacation.**  
Judge F. H. Lowe in a written communication requested that he be granted one week's vacation, taking every other day, commencing March 19, for a period of two weeks. The same was granted.

**Street Work by Private Contract.**  
An application from Edwards & Wilkey was granted permitting them to do street work on portion of California street, Wilson avenue and Salem street, consisting of the installation of a cement curb and five-foot sidewalk.

**Permit to Remove Century Plants.**  
In a written communication the city forester recommended that application of Mrs. R. G. Payne to have removed from the parkway in front of 105 North Central avenue, two century plants, be granted. Recommendation was adopted and it was so ordered.

**Street Grade in Grand View District.**  
The recommendation of the city manager was approved that the city engineer be instructed to prepare a grade ordinance establishing the grade on Grand View avenue and on other streets within that district.

**Bids Opened.**  
In accordance with advertisement, bids were opened at this time, as follows: To supply city with a two-passenger automobile the bid of Fish & Tar, Chevrolet agents, for the sum of \$967.50; Barton Brothers, agents Hupmobile automobile, price \$1975; Ford agency, \$603.25; C. A. Weisbart & Son, Dort roadster, \$1475.

**Bid of Pacific Motor Supply Company** to supply an Indian motorcycle, high powered and fully equipped for speed work, \$744.40, less 7 per cent for cash paid in 30 days. Bids were referred to the city manager.

**Election Returns Canvassed.**  
The chairman appointed Lapham and Bartlett as a committee to canvass the returns of the bond election held in Municipal District No. 3 on March 10, 1921. The committee completed its work and made its report, which was embodied in resolution No. 1172, showing that seventy-four votes were cast in favor of the proposition and twelve votes cast in opposition, proposition being therefore adopted.

**Demands.**  
The demands were presented and referred to the finance committee, that committee reporting them approved, and on motion of Trustee Robinson it was ordered that warrants be issued for their payment, on roll call all voting aye.

### Assistant to Health Officer

The city manager in a communication to the board recommended that an allowance of \$125 per month be made to cover additional services in the health department for the remainder of the fiscal year from this date and that the health officer be authorized to employ additional help in accordance therewith; also that two rooms adjoining Dr. Eckles' office be rented at \$20 per month for the balance of the fiscal year to serve as headquarters for the city health department, and that an appropriation of \$120 be made to cover cost of furniture and bicycle for use of the department. On motion of Trustee Robinson, recommendation of the city manager was adopted, on roll call all voting aye.

**Issue of Special Permit Approved.**  
The city manager reported that in an emergency he had issued a permit subject to the approval of the board for a cesspool in the parkway on the north side of Broadway, west of Brand boulevard. On motion, the action of the city manager was approved and permit granted.

**Appointments Confirmed.**  
The city marshal recommended the appointments of G. C. Delgado and J. H. Lauritzen as patrolmen and the same were approved.

**Map Approved.**  
Resolution No. 1173 was adopted approving map of Selvas de Verdugo sheet No. 8.

### Water to Outside Territory

Mr. Dutcher, owner of a tract of land outside of the city limits, addressed the board wishing to be informed as to the intention of the trustees in regard to continuing to furnish water to the tract of land owned by him outside the city. Agreement between the city and Mr. Dutcher covering this matter was referred to the city attorney.

**Request of Bannister & Day.**  
The city manager stated that Bannister & Day, contractors for the construction of the 300,000-gallon reservoir in the Grand View district, were anxious to start work. The city attorney stated that in his opinion the city had on this date confirmed the sale of the lot on which the reservoir was to be constructed, and on motion of Trustee Henry it was ordered that contractors Bannister & Day be authorized to go ahead with the work providing the superior court has on this date confirmed the sale.

**Opening Wilson and Salem.**  
The city engineer reported in regard to application made by Edwards & Wilkey and John Todd for the opening and extension of Salem street and of Wilson avenue, that both petitions are signed by representatives of majority of frontage.

**Permit Granted.**  
An application from Joseph Kirby for permission to excavate in Verdugo road for the purpose of laying water pipe in front of Lot 1, Tract 656, and in front of a portion of Lot 8 of the Verdugo estate, was granted.

**Communication From W. H. Thompson.**

W. H. Thompson, property owner in the Grand View district, in a communication to the board, desired information concerning proposed water distribution system in that part of the city. Referred to the committee of the whole.

**Granted Vacation.**  
Judge F. H. Lowe in a written communication requested that he be granted one week's vacation, taking every other day, commencing March 19, for a period of two weeks. The same was granted.

**Street Work by Private Contract.**  
An application from Edwards & Wilkey was granted permitting them to do street work on portion of California street, Wilson avenue and Salem street, consisting of the installation of a cement curb and five-foot sidewalk.

**Permit to Remove Century Plants.**  
In a written communication the city forester recommended that application of Mrs. R. G. Payne to have removed from the parkway in front of 105 North Central avenue, two century plants, be granted. Recommendation was adopted and it was so ordered.

**Street Grade in Grand View District.**  
The recommendation of the city manager was approved that the city engineer be instructed to prepare a grade ordinance establishing the grade on Grand View avenue and on other streets within that district.

**Bids Opened.**  
In accordance with advertisement, bids were opened at this time, as follows: To supply city with a two-passenger automobile the bid of Fish & Tar, Chevrolet agents, for the sum of \$967.50; Barton Brothers, agents Hupmobile automobile, price \$1975; Ford agency, \$603.25; C. A. Weisbart & Son, Dort roadster, \$1475.

**Bid of Pacific Motor Supply Company** to supply an Indian motorcycle, high powered and fully equipped for speed work, \$744.40, less 7 per cent for cash paid in 30 days. Bids were referred to the city manager.

**Election Returns Canvassed.**  
The chairman appointed Lapham and Bartlett as a committee to canvass the returns of the bond election held in Municipal District No. 3 on March 10, 1921. The committee completed its work and made its report, which was embodied in resolution No. 1172, showing that seventy-four votes were cast in favor of the proposition and twelve votes cast in opposition, proposition being therefore adopted.

**Demands.**  
The demands were presented and referred to the finance committee, that committee reporting them approved, and on motion of Trustee Robinson it was ordered that warrants be issued for their payment, on roll call all voting aye.

## ASSERTS IMMEDIATE ACTION REQUIRED ON SEWERAGE

## CITY TO DETERMINE GRADES IN GRAND VIEW DISTRICT

CITY MANAGER POINTS OUT WHY BUSINESS DISTRICT SHOULD ACT NOW

ACTION TAKEN AS RESULT OF SUGGESTION MADE DURING C. OF C. LUNCHEON

That immediate action is necessary on the part of property holders in the business section of the city to take proceedings to install a sewer system was declared in a communication filed with the Board of City Trustees last night by T. W. Watson, city manager.

The communication follows in full:

"A contingency arose in the business section this week that seemed to justify the issuing of a permit subject to the approval of your board for the location of a cesspool in the parkway on the north side of Broadway, west of Brand boulevard in front of 197 West Broadway. The cesspools serving the buildings at this location filled up and were discharging into the street gutter. The contents of these cesspools had been removed by pumping a short time before but they filled up almost immediately.

### To Be Thirty Feet Deep

"The new cesspool will be thirty feet deep and will probably relieve the situation for a time until the sewer system contemplated for business district is installed. This and many other like contingencies that are continually arising in the business district make it imperative that the sewer system planned for that district be installed at the earliest possible moment.

"I might say in this connection that petitions have been given interested property holders in the business district petitioning your board to take the necessary proceedings to install sewer system for the business district in accordance with plans now being prepared by the city engineer, C. L. Hill, under the supervision of Olmsted & Gillette."

On motion of Trustee Lapham, seconded by Trustee Robinson, the board sanctioned the issuance of the permit for the location of the cesspool in the parkway, as outlined in the city manager's communication.

Establishment of the grade of Grand View avenue within the Grand View district was ordered by the Board of City Trustees in session last night, in accordance with a recommendation made by T. W. Watson, city manager, following out a suggestion from Walter C. Fisher of Burbank, speaker at the forum luncheon held by the Glendale Chamber of Commerce yesterday noon.

The trustees, on motion of Trustee Robinson, seconded by Trustee Henry, instructed City Engineer Hill to prepare an ordinance establishing the Grand View avenue grade and the grades of all other streets in the district.

**City Manager's Communication.**  
The action resulted from the following communication filed by the city manager:

"Attention was called at the Chamber of Commerce forum today by Walter C. Fisher of Burbank that the city of Burbank and the county Board of Supervisors have taken proceedings for the improvement of Mountain street extending from Olive street in the city of Burbank to the Glendale boundary line in the Grand View district and that your board will be requested to take proceedings for the improvement of that portion of the street within the city of Glendale.

"I would therefore respectfully recommend that the city engineer be instructed to prepare a grade ordinance establishing the grade of Grand View avenue within the Grand View district including in such ordinance the establishment of the grades of all other streets within that district."

### HISTORY REPEATS ITSELF

She (after the hasty betrothal): "Darling, this ring looks so familiar."

He (studying her more closely): "Can it be possible that—"

She: "Yes, it is—the very same ring! Why, you're the very fellow I was engaged to three weeks last summer!"

## BILL OF RIGHTS BY IRISH SONGS, DANCES

### LABOR GIVEN TO FEDERAL BOARD

### WELL PRESENTED AT GATHERING

BASIS OF AGREEMENT MADE  
 KNOWN; ELEVEN POINTS  
 RECEIVE OUTLINE

CHICAGO, March 18.—Railroad labor's "bill of rights" was presented to the federal railroad labor board here today by B. H. Jewell, president of the railway employees department of the American Federation of Labor.

The statement by Jewell opened the fight of railroad unions against the petition by railroad managers who asked abrogation of the national agreements.

Jewell's statement was a concrete proposal as to the basis of a national agreement, which he said would be satisfactory to labor. The statement was presented in answer to the railroads petition for abrogation of some national agreements.

The eleven points, which Jewell said constituted the "irreducible minimum," on which labor would base a national agreement are:

1—Eight hours as the recognized measure of the Standard work day, with an adequate hourly wage.

2—Payment for time worked in excess of the regular eight hours at proper overtime rates.

Living, Health and Safety

3—The beginning and ending of work shifts to be so arranged as to permit of reasonable living arrangements by employees and their families.

4—Reasonable rules for protection of health and safety of employees.

5—Clear and concise definition of the work of each craft to be performed by mechanics and helpers.

6—The formulation of apprenticeship rules so as to develop sufficient, competent and efficient mechanics.

7—Applicants for employment as mechanics to be required to show that they have served an apprenticeship of four years, or performed mechanics' work for a similar period and that they not be denied employment when their services are needed, for any reason other than to perform the work for which they are making application for employment.

8—The right of the majority in each craft to determine what organization shall represent them, this organization having the right to make agreements which shall apply to all workers in the craft.

To Handle All Grievances

9—The right of the majority of each craft on each railroad to select a committee or representatives who shall handle all grievances which may arise affecting all employees of the craft, in accordance with provisions of the agreement.

10—Craft, point seniority, limiting seniority to the local shops or points and not permitting interchange of seniority with other shops, crafts or departments of railroads.

11—The right to organize and the protection of employees against discrimination because of membership in labor organizations.

Jewell said the reason for setting forth the "bill of rights" was to show the board "how easy" it would be for the employees and the employers to get together on the national agreements had the railroads shown a "sincere desire" to meet those selected and instructed by the railroad employees to adjust the matter of national agreements.

The program was presented last night by the members of the Madrigal club at the entertainment given in Pearl Keller auditorium under the auspices of the Knights of Columbus, which was attended by about 125 people.

The members of the Madrigal club marched to the stage at 8 o'clock, each gowned in white with a green fishu and green bow in their hair.

The first number was a medley of Irish airs. This was followed by an Irish love song (Lang).

The next number was a pianologue, "Foolish Questions," by Gould Moore, a very talented youngster who is one of Miss Pearl Keller's pupils. This talking song met with such hearty applause that an encore followed.

Quartet Is Pleasing

The next number was a quartet, Mrs. Cole, Mrs. Puffer, Mrs. Draper and Mrs. Cotton, which sang "Kathleen Mavourneen" (Rhys-Herbert).

An Irish lullaby (Needham) was the next number. This was delightfully rendered by Mrs. C. A. Parker, director of the Madrigal club.

After a short intermission, "Fairy Pipers" (Brewer) was sung by Mrs. Cole and the Madrigal club.

Another clever song which called for repeated encores was "Irish Names" (La Bonte), which was sung by Mrs. Henry and the Madrigal club.

Gould Moore then again delighted the audience by dancing an Irish jig.

One of the most popular numbers on the program was "My Love Dan" (Fox), sung by Mrs. Draper. As an encore she sang "How Ireland Got Its Name."

Charming Irish Dances

Little Mary Alice Barton, another pupil of Miss Pearl Keller, dressed in Irish costume, gave a very charming Irish dance, followed by recitations.

The program was closed by the singing of "Oft in the Stilly Night" (Max Vorlich) by the Madrigal club.

Mrs. J. A. Wright assisted at the piano during the evening.

The entertainment was well conducted and all of the details perfectly carried out. The program was a varied one and greatly appreciated by the audience.

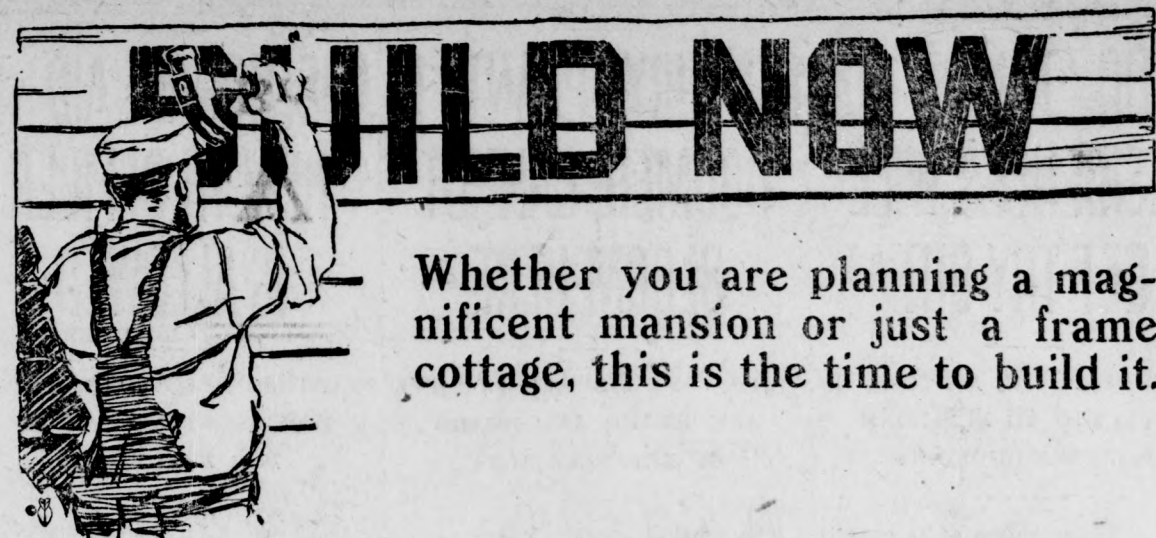

Report of the child welfare survey made in Tennessee during the past year shows that more children of both landowners and tenants remain on the farm in diversified farming communities than in those that grow only one crop, such as cotton and tobacco.

NEW YORK, March 18.—Raids on the New York stock market appeared to have been stemmed when stocks behaved well at the opening today.

Except in issues affected by rumors of forthcoming dividend action, the list was strong.

Tobacco products was one stock to suffer. Rumors on the floor dealing with the possibility of a disappointing dividend caused a decline of 2¼ points to 47¼ shortly after the opening. Retail Stores dropped below 50.

The automobile stocks were generally firm. Chandler was at 79½, a new high for the year. Atlantic Gulf, after a bad day yesterday, gave a good account of itself, holding above 33.

Whether you are planning a magnificent mansion or just a frame cottage, this is the time to build it.

## College Students To Spend Time In Forest

EUREKA, Cal. — About twenty students of Chicago university will spend the coming summer in the redwood forests of Bull Creek and Dyer-ville Flats, Humboldt county, according to word received here recently by the Eureka chamber of commerce. The trip will be in charge of Professor Henry C. Cowles of the University department of botany. The students will make a special study of the flora of this section while visiting. It was announced in the letter received by the chamber.

The average meat consumption of the world is 39 pounds a head. The American and the Australian eat about 180 pounds a head and the Englishman about 120 pounds.

## WALL PAPER

"Yes, we celebrated Clean-up, Paint-up week by having the house redecorated and painted. Mr. Colson did the work for us.

"And the cost to us was surprisingly small because we helped with the work ourselves under Mr. Colson's direction.

"You see he carries the very best paints and wall paper and has had so much experience in this kind of work that we felt perfectly safe in leaving everything to him, knowing that the result would be everything we could desire from a decorative standpoint.

"He understands all about the action of the California sun on paints and just what to use to overcome this—he knows all about the scientific side as well as the artistic side of painting and decorating, you see. His prices for paint are low, but they include instruction in how to use the paint. He supervises your work with no extra charge.

"If you are going to have one room or the entire house done over you will get the same service from Mr. Colson. Write or phone him and tell him what you want and he will do the rest. His address is:

## TARIFF CHANGE OF BIG IMPORTANCE, CLAIMS LEADER

REVENUE REVISION IS TOPIC OF VITAL INQUIRY, IS STATED BY MONDELL

WASHINGTON—After a conference with President Harding, Representative Mondell, House Republican leader, in outlining the probable program and policy of the new Congress, declared revenue revision legislation should be considered ahead of any temporary, or stop-gap, tariff. He held that the enactment of a temporary tariff law would require as much time as would be necessary for a permanent tariff.

If the country demands relief and an emergency law, he suggested that this be confined to a simple antidumping provision and possibly an amendment to the present law basing rates on American rather than foreign values.

How to tackle the questions of tariff and revenue is the important thing," Mr. Mondell said.

"It has been suggested that it would be wise to take up some measure, for instance the Payne-Aldrich bill, modify a few provisions, but continuing as it was and pass it as a purely temporary and emergency stop-gap tariff measure. The suggested program would be to follow that with revenue legislation and then a permanent tariff bill.

### Doubts It Can Be Done

"Personally I am somewhat doubtful of the wisdom of that policy. If it were possible to take the Payne-Aldrich bill, and with a few changes pass it speedily so that it would be on the statute books in six weeks or two months, I think it might perhaps be wise to do it.

"But I have grave doubts as to whether this can be done. I am not at all certain such a bill would not, when it reached the senate, be opened up for many amendments, be delayed in its passage so that instead of securing what is suggested—prompt action on a temporary bill—we might find congress considering for months a measure, which starting as a temporary measure, might finally come to be considered as a permanent measure and entirely made over. It would thus lose the benefit of quick action.

"I realize the importance of getting a tariff bill on the statute books early and if I felt we could introduce, pass and have signed very promptly a temporary measure, I would be glad to favor it. But having serious doubts that this could be accomplished, I am inclined to the opinion that the Ways and Means committee should get to work at once on a permanent measure.

### Action Planned by August 1

"In the mean time they should submit and we should pass through the House such revision of the revenue laws as seems wise. The Senate would then be occupied in consideration of the revenue bill while the House committee was concluding preparation of a permanent tariff bill.

"If we pursue this course we should be able to put through a revision of the revenue laws and a prominent revision of the tariff before we adjourn the special session, say about August 1.

"If any emergency is possible in advance of the permanent tariff, it must, it seems to me, be confined to a similar antidumping provision and possibly an amendment to the present tariff, basing rates on American rather than on foreign values. Such a measure would be of value in saving the situation during the period of consideration of a permanent measure."

## Hopes To Take Polo Cup For Uncle Sam

NEW YORK—America has an even chance to beat England this summer and regain the international polo cup, in the opinion of Dererex Milburn, veteran internationalist and captain of the American team.

Milburn prefers action to words and wants Americans to wait until June and let the team show the home folks how good it is.

The team captain is also unwilling to make any predictions about the makeup of the quartette that will take the field at Hurlingham next June to play for the cup.

"Each candidate for the team will have a chance to show himself in the tournaments preceding the challenge match and the personnel of the team will be decided on the showing made in those matches," he says.

While careful to cover any outward indications of enthusiasm, Milburn admits that the team will make the trip with much more confidence than that which surrounded the visit of Harry Payne and his squad in 1909.

So little was thought of the chances of an American team at that time that the officials of the polo association hesitated to challenge for the cup, preferring merely to send the team over to participate in various tournaments. At the last minute, however, it was decided to challenge for the cup.

The team consisting of Whitney,

## HELP FARMER, IS PLEA TO PEOPLE

SEVENTY PER CENT LEVEL FOR PRICES IS SUGGESTED BY AGRICULTURAL CHIEF

WASHINGTON — An appeal for "every good citizen" to do what he can to help farmers through the period of depression, "for the sake of helping himself," was made by Secretary of Agriculture Wallace in a statement.

Prices of farm products must rise, and prices of other products come down, before the normal relation between them has been restored, he asserted.

Talk of bringing prices back to a pre-war level, he said, is morally wrong and economically impossible, adding that everybody would be better off if an effort were made to bring about a price level, "say 70 per cent above the pre-war normal."

Farmers throughout the nation, especially those in the south and west, he said, are suffering severe loss.

The agricultural depression resulted from the high cost of production and because farm products have dropped "out of all proportion" to the prices of other things, Mr. Wallace said.

"While such condition continues," he added, "the severe agricultural depression is inevitable, and it will certainly be communicated to industry and business.

"It is a terrible indictment of our modern civilization," he asserted, "that this great country is in the period of what might almost be called economic chaos because of our great surplus food supply, while across the seas almost half the world is suffering for want of food. If our statesmen had given more thought to getting the world back on a sound, economic basis and perhaps had spent less time on idealistic schemes and theories they would have returned a great contribution to the peace and orderliness and happiness of the people on the earth."

Dog teams will be furnished men employed by the Edison company in the Sierras of southern California during the winter months when they are cut off from the outside save by wireless.

## INDIAN IS BURIED ALIVE, IS CHARGE

CALLS OUT NAMES AND THOSE HE DESIGNATES DIE, IS STORY TOLD OFFICERS

REDDING, Cal. — Charges that William Taylor, an Indian afflicted with smallpox, was buried alive on Hat Creek recently were presented to District Attorney Carter for investigation. The allegation was made by Chief Samson Grant of the Hat Creek Indians, who stated he had received his information from his daughter, Mrs. Lela Rhoades.

Smallpox has been playing havoc recently with the remnants of the Hat Creek Indian tribe, according to word received here, and Dr. M. D. Pratt, health officer for the eastern part of the county, had placed several families under quarantine.

Mrs. Rhoades, who is vouched for by the local Indian agent, wrote to her father that two Indians, Johnny Armstrong and Roderick Buckskin, buried Taylor after nightfall by the light of a lantern.

"Corpse" Heard Kicking Before they took the coffin to the grave, the letter said, they heard Taylor kicking, but they were afraid to open the box, fearing the wrath of the health officer.

Other Indians who have succumbed to smallpox are Mrs. Molly Dick, an aged widow, who left \$10,000 in a bank, according to the Indian agent; Shotgun Hawkins, Alex Patterson and Valley Jack.

Other versions told by the Hat Creek Indians state that while William Taylor was dying he kicked four times and at each kick he named an Indian. The four he is reported to have named followed him in death—Mrs. Dick, Shotgun Hawkins, Alex Patterson and Valley Jack.

## Wanted Rubber Heels, Got Them, Now Jailed

DETROIT—Charley Gay craved rubber heels—and got 'em. But they won't allow him to wear 'em at the house of correction where he was sent for sixty days for robbing the United States Rubber company's plant.

Milburn, J. M. Waterbury, J. A. Phipps and E. S. Reynal made a clean sweep of all the tournaments and closed a sensational tour by winning and bringing the cup back to America.

## SINN FEIN NOT YET BROKEN DOWN BY MILITARY YOKE

SITUATION, THEORETICALLY, IS UNCHANGED DURING PAST MONTH, IS CLAIMED

By CHARLES MCCANN  
United Press Staff Correspondent  
DUBLIN—Sinn Fein has not yet begun to break under the military yoke in Ireland. Theoretically the situation has remained unchanged during the past month.

Ulster is beginning its program for effecting the home rule bill. The bill will be put in operation in December. The first parliament may or may not contain the substantial proportion of Sinn Fein representatives who will be elected, as it has not been decided whether they will pursue their planned obstructive tactics as members or whether they will merely refuse to take the oath of allegiance and leave from sixteen to twenty vacant seats.

There is no home rule talk in the south of Ireland. Practically nothing has been done so far, and Sinn Fein, which for all practical purposes means southern Ireland, anticipates no early activity in behalf of the bill.

Opinion on Both Sides  
Moderate opinion on both sides in the south agrees that if the government is willing to combat the Republican forces with the most intensive sort of martial law and is willing to supply the money and men necessary to effect it, Sinn Fein will be crushed eventually.

The indication is that the home rule bill will be the basis of settlement in the south, provided again that the government carries out its intention of going through with its stern policy. The policy if carried out means the British Empire against Ireland. The result expected is that peace on the home rule bill basis will be one of subjugation instead of negotiation; that Sinn Fein, though in that event it would be crushed, would not be killed. Even government authorities state frankly that it cannot be ended.

The fact remains that Sinn Fein claims to be and apparently is stronger than it was three months ago. There are not enough soldiers in Ireland at present to keep the country under the restraint aimed at by the military authorities. Attacks on military and police are more frequent in almost all sections than they were three months ago.

Only Sign of Failure  
There is only one sign of failure in the Republican army; the now frequently recurring announcement that military surprised a Republican ambush, killed one or two rebels. That means the military authorities are being informed of planned ambushes. There is also the big proportion of unsuccessful ambushes.

But, according to impartial observers in the martial law area, repression so far has merely made Sinn Feiners of moderates and even Unionists. Instead of causing disintegration, it has further welded the people in their determination to carry on the biggest revolt Ireland has known.

Ambushes are still possible because there are not enough soldiers to carry out the British program. Patrols are used and these are ambushed. There is every sign, in the increased repressive measures, that the government intends to crush Sinn Fein. But there has been no indication so far of a determination to obtain the soldiers necessary to do it.

## BEATS OF HEART HEARD FAR AWAY

INVENTION PERMITS DOCTOR IN ONE CITY TO STUDY PATIENT IN ANOTHER

WASHINGTON—An amplifying apparatus described as so delicate as to permit a physician in one city to make a stethoscopic study of the heart action of a patient hundreds of miles away, was demonstrated today to army and civilian medical men at the army signal corps laboratories. The principle involved is similar to that used in transmitting President Harding's inaugural address to the great crowd that extended far beyond the ordinary reach of the human voice.

The demonstration was directed by Brigadier General George Squier, chief signal officer. The stethoscopic apparatus with electrical connection was placed over the heart of one of the laboratory assistants, and the heartbeats was amplified many thousand times, emerging through a phonograph horn to be heard distinctly and studied by the physicians in a room some distance from that in which the subject was located.

The device may be used in connection with any telephone wire and will function, it was said, at the laboratory, as far as the telephone wires will transmit the voice in ordinary conversation.

## Notice of Sale of Street Railway Franchise

OFFICE OF THE CITY CLERK OF THE CITY OF GLENDALE, CALIFORNIA.

TO WHOM IT MAY CONCERN:  
NOTICE IS HEREBY GIVEN, that an application has been made to the Board of Trustees of the City of Glendale for a certain franchise granting the right to construct, and for a period to terminate November 4th, 1923, to operate and maintain a street railway, electric or other motive power except steam upon, across and along certain streets of said City of Glendale, together with certain appurtenant and incident rights hereinafter mentioned.

It is hereby proposed by said Board of Trustees of said City of Glendale to offer for sale, and to grant to the highest bidder, the said franchise upon the terms and conditions herein contained. The said franchise is described as follows, to-wit: a franchise to construct, and for a period to terminate November 4th, 1923, and as hereinafter provided, to maintain and operate, a street railway, using electricity or other motive power except steam, over, along and across those portions of the railway line as now constructed and operated by the Glendale & Montrose Railway Company, a corporation, over and across the public streets in the City of Glendale, said line being generally described as follows, to-wit:

Commencing at the intersection of Brand Boulevard and Broadway; thence Easterly along Broadway to the intersection of Broadway and Glendale Avenue; thence Northerly along and across Glendale Avenue, Verdugo Road and Canada Boulevard; thence to, along and across Verdugo Canyon Road and Ocean View Boulevard to the Northerly city limits; and also commencing at the intersection of Glendale Avenue and Wilson Avenue; thence Easterly along Wilson Avenue, Eagle Rock Road and Broadway, to the Easterly city limits together with the right to construct curves, switches and spur tracks in private property; also connections at stations, and all other appliances, property, structures and attachments that may be necessary or proper, for the purpose of operating said road and enabling it to be as effective as the best railway operated by electricity or other motive power except steam; provided, however, that no spur track into private property shall be built within One Thousand (1000) feet of any spur track already constructed under said franchise, without first securing the proper consent of the Board of Trustees of the City of Glendale. That the terms and conditions upon which said franchise will be offered for sale, are the following:

That the railway to be constructed and operated under said franchise shall be used for the transportation of passengers, baggage, United States mail, express matter, and such other commodities as can be conveniently handled by an electric railway, provided that cars other than closed ones, of a neat and attractive design, shall only be conveyed over said road between the hours of nine o'clock P. M. of each day and six o'clock A. M. of the following day; except hauling such material as is used in the construction and reconstruction of such railways.

That said the grantee of said franchise and its assigns, shall use good material in the construction of said road, and said road shall be built in a good and workmanlike manner, and that said grantee and its assigns, shall, at its or their own cost and expense, oil and re-oil, pave or macadamize the said road between the rails, between the tracks and for two (2) feet on each side thereof, with the same material used by the City, and under the same specifications and in the same manner as upon the streets over which said roads are respectively, and shall keep the same constantly so paved or macadamized and in repair flush with said streets, and provided with suitable crossings, and shall make the roadbed conform at all times to the established grade of said streets; provided, however, that where any of the above named streets have been graded or otherwise improved prior to the granting of said franchise, said roadbed and rails shall conform to and be flush with the surface of said graded or otherwise improved street or streets, whether such surface be above or below the official grade of said street or streets, and on all other street or streets, the said roadbed and rails shall conform to such official grade as aforesaid.

In case the said grantee and its assigns, shall fail to comply with the instructions given for said repairs for ten days after service of notice thereof upon the superintendent or manager of said grantee, then the Board of Trustees of the City of Glendale, may, with suitable assistance, enter upon said railway, or any portion thereof, and do the work, and furnish the proper material, and keep an itemized account of the cost thereof, which said grantee and its assigns, by the acceptance of this franchise, agrees to pay immediately to the Treasurer of the City of Glendale upon the presentation of the account to the superintendent or manager of said railway.

Provided further, that cars shall be run over the road constructed under said franchise every day, unless prevented by the elements, riots, strikes or unavoidable causes; provided, also, that cars shall be run over and upon said road at intervals of not more than one (1) hour from seven o'clock A. M. until ten (10) o'clock P. M. of each day, and as much oftener as may be necessary to properly accommodate all persons who apply for transportation over said road, except in times of extra travel, and unforeseen amounts of travel, and provided that the Board of Trustees may authorize a number of trips if the amount of travel does not warrant the above number of trips, and provided further, that said grantee, and its assigns, shall have the right to excavate and remove portions of said streets necessary to properly construct said road, and to erect needful apparatus, boilers, engines and other appliances to properly equip and run said road; provided further, that the City of Glendale in granting said franchise, expressly reserves the right to pave, macadamize, renew or sever any of said streets, or to lay gas, water or other pipes therein, said work to be done so as to injure said road as little as possible.

It is further provided that said grantee and its assigns, shall construct all necessary flumes and culverts for the free passage of water under the tracks of said Railway whenever and wherever necessary, and that all of such flumes and culverts shall be constructed in accordance with the plans and specifications approved by the City Engineer and wherever required by said City of Glendale.

struct said road, and to erect needful apparatus, boilers, engines and other appliances to properly equip and run said road; provided further, that the City of Glendale in granting said franchise, expressly reserves the right to pave, macadamize, renew or sever any of said streets, or to lay gas, water or other pipes therein, said work to be done so as to injure said road as little as possible.

It is further provided that said grantee and its assigns, shall construct all necessary flumes and culverts for the free passage of water under the tracks of said Railway whenever and wherever necessary, and that all of such flumes and culverts shall be constructed in accordance with the plans and specifications approved by the City Engineer and wherever required by said City of Glendale.

That the said grantee and its assigns, shall and will, at all times upon and after the completion of said road, and the operation of the same, and without extra charge, issue and receive from passengers going in one direction, transfers good for one continuous passage over and upon any and every other line and lines or any other road or roads to any points within the said City, which said grantee and its assigns, does now or may hereafter own, control, operate or have a controlling interest in; and provided, as a further condition, that said grantee, and its assigns, shall and will at all times as aforesaid, issue or cause to be issued to said passengers without extra charge, a similar transfer from any and every line or lines which said grantee and its assigns, does now or may hereafter own, control, operate or have a controlling interest in, as aforesaid, to, over and upon the road operated and maintained under said franchise within the city limits of the City of Glendale; and provided further, that such transfers shall be given and received as above provided over and upon all such roads within the city limits of the City of Glendale, whether operated under a franchise granted by said City, or over and upon private right of ways owned or occupied by said roads within the city limits of the City of Glendale.

That the rates of fare to be charged by the grantee shall not exceed the rates fixed by the Body, Board or Commission having authority to fix such rates.

The said grantee and its assigns, shall carry free on said cars, the City Marshal or Chief of Police and deputies, and all regular police officers and firemen of said city, when on duty, and letter carriers, subject at all times to the rules of the road. That the said grantee and its assigns, shall, during the life of the said franchise, pay to the City of Glendale, in lawful money of the United States, two per cent of the gross annual receipts of said grantee

and its assigns, arising from the use, operation or possession of said franchise. No percentage shall be paid for the first five years succeeding the date of the franchise, but thereafter such percentage shall be payable annually, and said franchise is to be forfeited by a failure to make the payments provided for, and it shall be the duty of the grantee of said franchise, and its assigns, to file with the City Clerk of the City of Glendale at the expiration of six years from the date of granting said franchise, and at the expiration of each and every year thereafter, a statement verified by the oath of the said grantee, or its assigns, or by the oath of the manager or president or officer of said grantee, or its assigns, showing the total gross receipts and gross earnings collected or received by the said grantee, or its assigns, during the preceding twelve months, and within ten days after the time for filing such statement, it shall be the duty of said grantee, or its assigns, to pay to the City Treasurer of said City of Glendale, the aggregate sum of said percentage upon the gross annual receipts arising from the use, operation or possession of said franchise.

That all poles used in the construction and operation of said electric road, shall be placed within the curb line of the streets herein designated as officially established by the Board of Trustees of the City of Glendale, and the outer edge of the poles shall in all cases be set as near the inner edge of the curb as practicable, when the wires directed by said Board of Trustees, and the wires suspended from said poles, shall not at any point be less than twenty-two (22) feet above the top of the rail. All poles shall be of tubular steel or of suitable wood, of a size and kind such as are ordinarily used for similar purposes in the State of California, and shall at all times be kept free from rust and painted in a uniform color; that wherever said railway is double tracked, then the tracks shall be placed thirteen (13) feet from the center line to center line, and in case of a single track the said Board of Trustees of the City of Glendale.

That any neglect, failure or refusal to comply with any of the conditions of said franchise, after thirty days' notice given by the Board of Trustees of the City of Glendale, shall thereupon immediately, ipso facto, effect a forfeiture thereof, and the said City, by its Board of Trustees, may thereupon declare said franchise forfeited, and may exclude said grantee, or its assigns, from further use of the streets of said City under said franchise, and said grantee or its assigns, shall thereupon and immediately, surrender all rights in and to the same, and the said franchise shall be deemed and shall remain null, void and of no effect.

NOTICE IS ALSO HEREBY

GIVEN, that sealed bids in writing will be received for said franchise by the City Clerk of said City of Glendale up to eight o'clock P. M. of the 14th day of April, 1921. At the day and hour last mentioned, the City Clerk will, in open session, examine and publicly declare the same and each bid shall be accompanied by a cash deposit of the amount of the bid, or a certified check for said amount, payable to the City Treasurer of the City of Glendale, certified to by some responsible Bank as a guarantee of good faith by the bidder; provided, however, that if in the judgment of the Board of Trustees, no adequate or responsible bid has been made, the Board of Trustees may withdraw said franchise from sale, or advertise for new bids. That at the time for opening said bids, any responsible person, firm or corporation, present or represented, may bid for such franchise a sum not less than ten per cent above the highest sealed bid therefor, and that said bid so made may be raised not less than ten per cent by any other responsible bidder, and such bidding may thereupon continue until finally said who must before such award is made deposit with the clerk at least ten per cent of the amount of his bid. Upon the franchise being awarded, all deposits made by unsuccessful bidders shall be returned. franchise shall be struck off, sold and awarded by said Board of Trustees to the highest bidder therefor.

NOTICE IS ALSO HEREBY GIVEN, that the grantee of such franchise must, within five (5) days after the awarding of such franchise, file with the City Clerk of said City, a bond running to the said City in the penal sum of One Thousand (\$1000.00) Dollars, with at least two good and sufficient sureties, or a bond in said amount furnished by a responsible surety company, to be approved by the Board of Trustees, conditioned that such bidder shall well and truly observe, fulfill and perform each and every term and condition of said franchise, and that in case of any breach of the conditions of such bond, the whole amount of the penal sum therein named, shall be taken and deemed to be liquidated damages, and shall be recoverable from the principal and sureties upon such bond. If such bond is not so filed, the award of said franchise shall be set aside, and in the discretion of said Board of Trustees, the said franchise may be re-advertised, and again offered for sale in the same manner and under the same restrictions as hereinabove provided, and the amount deposited by such bidder with his bid, shall be forfeited to the City as liquidated damages. The Board of Trustees hereby expressly reserves the right to reject any and all, or any or all bids for said franchise.

J. C. SHERER,  
City Clerk.

# AUSTRIAN CHILDREN TO STAY STUNTED, SAY PHYSICIANS

ADEQUATE RELIEF MUST BE GIVEN AT ONCE, CLAIMS TRIO OF EXPERTS

VIENNA—Three internationally known Austrian physicians have joined in a statement to the effect that Austrian children will remain permanently stunted in growth unless adequate relief is given immediately. The physicians are Dr. Eiselsberg, Vienna brain specialist and one of the leading surgeons of the city; Drs. Lorenz and Pirquet, the latter inventor of the tuberculin test and for two years professor at Johns Hopkins university.

The statement which has been made by request says:

"We, the undersigned, wish to bring to the attention of the world that recent statistics gathered in Vienna show Austrian children subnormal both in weight and height. Recent examination of apprentices in Vienna revealed that boys of 17 years of age have an average height of 5 feet 2 inches, instead of the normal height of 5 feet 6 inches, and that their weight averaged 101 pounds, instead of a normal weight of 114½ pounds.

"Altogether we may state that at the end of juvenile growth the average boys of Vienna are about four inches below normal height and about sixteen pounds below normal weight. Girls are correspondingly stunted.

Never Have Normal Weight. "We also believe, from a medical standpoint, these children will never have their normal weight and height, but will go through life in this stunted condition. We believe that children of succeeding age and classes, unless given sufficient food, will also remain underdeveloped and so go through life.

"An awful proof of undernourishment is great distortion, caused by rickets, of limbs of nearly all the children who came to orthopedic wards.

"A most depressing fact is the frequent occurrence that boys and girls, asking for relief of severe pains in their feet or legs, who are ascertained to be dragging themselves on broken bones, which had cracked noiselessly and given way on account of the unhealthy condition of their emaciated systems. Such deplorable developments were unheard of previous to the war and can now only be combated by giving the children adequate and sufficient food."

# GIRLS IN PLEDGE TO DRESS PLAIN

PLACE BAN ON ROGUE, THIN BLOUSES, SHORT SKIRTS AND SILK STOCKINGS

SAN DIEGO—Pupils and instructors at the San Diego Normal school have formed a student-teachers' union for dress reform and have adopted the following resolution, which, it is said, nearly all girl students pledged themselves to obey:

"Inasmuch as we desire to be well-bred members of society and because the business of attending normal school as well as that of teaching presupposes a knowledge of social ethics, part of which may be applied in matters of dress, we, therefore, resolve:

- "1. That cleanliness is next to godliness.
- "2. That each individual should avoid extreme methods of dressing her hair.
- "3. That rouge, lipsticks and excess powder are unsuited for business wear.
- "4. That blouses which are so thin that they expose the upper part of the body are unsuited for business wear.
- "5. That extremely narrow and short skirts, very thin stockings and high heels are unsuited for business wear.

## Suggestions Are Made

"Suggestions for appropriate clothing to be worn while attending San Diego Normal school:

- "1. One-piece dresses, cotton or wool.
- "2. Middy blouses with skirts.
- "3. Coat and skirt suits—skirts to be of modest length and width, with shirt waists.
- "4. Shoes with heels of moderate height and soles of comfortable width.
- "5. Stockings sufficiently thick in texture—preferably cotton.
- "6. That each person make a study of what types of dress are suitable for various occasions and for her own needs, and avoid an unthinkable following of fashions."

In the naval hospital at Balboa Park, California, is the youngest sailor in the United States navy. He is thirteen years of age and was assigned to the U. S. S. Mercy, a hospital ship, after he had received training at Mare Island.

# Former Baseball Star Is Now In Poorhouse

SAN FRANCISCO—Cal McVey, once the most prominent figure in the world of baseball, is now an inmate of the San Francisco poorhouse, disabled by acute rheumatism.

"Even though he is destitute and without a relative in the world McVey says he would rather suffer his present hard luck than be accused of having 'thrown a baseball game.'"

"In my day," said McVey, who was a member of the famous Cincinnati Red Stockings in 1868, "we played baseball more for the sport than for the money we made. While professional gamblers caused considerable trouble, no man on any team was ever known to sell out to the other team."

"I think," he continued, "that if I were Judge Landis that I should do all in my power to see that the Chicago White Sox who confessed to throwing the world's series should spend the rest of their days doing hard labor on the rock pile."

"That's my idea of what should happen to a man who would deliberately try to ruin a clean sport for his own gain."

George Wright, the only other surviving member of the famous team, who is now well-known as a partner in the firm of Wright and Ditson, was, in McVey's opinion, the greatest baseball player that ever lived.

"George Wright played short for the team and he could play farther back, throw farther and more accurately than any other man that I have seen," said McVey, "and ever since that time players have tried to imitate him. I have yet to see anyone who could touch him however."

The Red Stockings won undying fame when they went through the season in 1869 without losing a single game, a record that has never since been equaled by any professional team.

# Woman Charged With Y. M. C. A. Linen Theft

NEW YORK—Charged with having taken linen from the laundry of the Twenty-third street branch of the Y. M. C. A., Mrs. Margaret Sheridan was in the lineup at police headquarters. According to Secretary Edwin Jones, linen had been missed for some time. Mrs. Sheridan, who has been employed in the laundry for about a year, was arrested by Detective Devine at her home, where, the detective said, he found a trunk filled with linen bearing the monogram of the Y. M. C. A., Elks' club and of several hotels. The detective said the trunk was so heavy that it required four men to carry it to the police station.

# COURSE LUNCHEON AND CARD PARTY GIVEN FRIENDS

MRS. MONTGOMERY HOSTESS AT ELABORATE AFTERNOON AFFAIR ON THURSDAY

Mrs. A. H. Montgomery of 415 South Central avenue entertained at an elaborate 1 o'clock, four-course luncheon, followed by bridge and five hundred at her home yesterday.

The beauty of the dining tables, already resplendent with white nappery, shining silver and cut glass, was further enhanced with center pieces of green carnations and sweet peas. Green bonbon baskets were used to further carry out the St. Patrick's motif.

Place cards ornated with pictures of Irish castles marked the places for the twenty-four guests, including Mrs. Charles Marlenee, Mrs. C. E. Norton, Mrs. Colin Cable, Mrs. Helen Campbell, Mrs. Morris Bondeux, Mrs. Walter Jones, Mrs. A. A. MacIntyre, Mrs. Roscoe Puffer, Mrs. L. B. Stanton of Los Angeles, Mrs. Charles Guthrie, Mrs. Arthur Cross, Mrs. Mabel Rudy, Mrs. Charles Pendleton, Mrs. Cora Ramsey, Mrs. Chester Kling, Mrs. E. Halstead, Mrs. J. C. Waite, Mrs. C. N. Van Dyke, Mrs. Claude Botsford, Mrs. Charles Rudel, Mrs. A. T. Dobson, Mrs. T. Slatter, Mrs. William Kelly and Mrs. Ed Enking of Hollywood.

Mrs. Montgomery was assisted in entertaining by her daughter, Miss Minola Budd, and Miss Martha Meyer. Prizes were awarded for high and low scores.

# These Little Pests Are Tickled To Death

WASHINGTON—Several canny little pests can be "tickled to death," department of agriculture experts have found.

Certain enemies of cabbage, peas, onions and melons that have learned to come in out of the rain of poison sprays will sneeze themselves to death over a specially prepared snuff, the entomologists say.

The "snuff" is nicotine sulphate mixed with kaolin to make 40 per cent nicotine. It floats about under the leaves, tickling the mites so irresistibly that they fall off.

To relieve the traffic congestion in the center of the city of Philadelphia all left hand turns in the business district are prohibited.

# Theft Is Prevented By Scrap Of Paper

CINCINNATI—A scrap of paper prevented the theft of an automobile belonging to Virgil Frakey, a night school student. When he heard the engine of his car he hurried out of the classrooms in time to seize a youth, who gave his name as John Johnson of Memphis. Frakey had placed the piece of paper between the points of the ignition coils and when the machine went dead it gave Frakey time to get busy.

# World Laughter Record Is Broken By Three

PARIS—Excessive hilarity is an unfailing symptom of encephalitis, or sleeping sickness. This is the verdict of Professors Netter Sicaud and Paraf reporting to the medical hospital society. The report says: "The world laughter record was broken by three patients, who roared continuously for an hour and a half. They later hiccuped for two days, after which they were seized with the sleeping sickness and died."

# Better Than 7% Assured with a wide margin of safety

To finance extensions and additions to equipment made necessary by the phenomenal growth of the population it serves, the Los Angeles Gas and Electric Corporation, under authority of the State Railroad Commission, offers its Preferred Stock at \$85.00 per share.

This stock will pay better than 7 per cent of the actual investment and yet it is backed by security which guarantees its safety.

The conservative plant valuation of the corporation is greatly in excess of the maximum amount of Preferred Stock which can ever be issued so that there is no element of speculation in the investment.

The stock is cumulative, which means that no dividends can be paid on the Common Stock until all the dividends which may have accumulated are fully paid on the Preferred Stock.

It is non-callable, which means that the corporation reserves no right to call the stock in.

It has priority over Common Stock both as to dividends and assets, which means that the interests of the Preferred Stockholders come first in all considerations. Considering the definiteness of the security and the liberal rate of guaranteed earning this stock constitutes a very attractive investment.

It has the additional advantage of being readily converted into cash and the security back of it is constantly growing. It is a significant fact that the Los Angeles Gas and Electric Corporation has never failed to pay a dividend in twenty-seven years.

## RELEASE BOOKS AT PUBLIC LIBRARY ON THURSDAY

NUMBER OF VOLUMES ISSUED  
AT REVIEW WHICH WAS HELD  
YESTERDAY AFTERNOON

The following books were released to the public at the book review at the library yesterday afternoon:

"Brass Tacks," capsule optimism, by Col. Wm. C. Hunter. The first capsule is as follows: "Be pleasant every morning until 10 o'clock. The rest of the day will take care of itself." Another, "Do what you are paid to do and THEN SOME. It is the THEN SOME that gets your salary raised."

"Foods and Household Management," a text book of the household arts by Kinne and Cooley.

"Dawn," a novel by Eleanor H. Porter.

"In Chancery," by John Galsworthy, deals with an English family of wealth and position and with their associates and is an impressive presentation of the upper classes of English society.

Volumes Are Varied

"This Side of Paradise," by F. Scott Fitzgerald.

"Unity of Good," by Mary Baker Eddy.

"In the Reign of Boris," a tale of Carpathia, by Robert McDonald.

"Italian at a Glance," a new system of the most simple principles for universal self-tuition with complete English pronunciation of every word, by Franz Thimm.

"Electricity for Engineers," by Charles Desmond.

Heman's poems.

"Border Romances," by W. Gilmore Simms.

Jack London Stories

"Charlemont," by W. Gilmore Simms.

"Cousin Pons," "Cat and Racquet," Vol. 1, Honore De Balzac.

"Old Vagabond," "Marriage Settlement," Vol. 2, Honore De Balzac.

"Louis Lambert," Short Stories, Vol. 6, Honore De Balzac.

"Before Adam," by Jack London.

"Martin Eden," by Jack London.

"Tarry Thou Till I Come," by George Croly.

"Congressman Pumphrey, the People's Friend," by John T. McCutcheon.

A number of the above volumes have been contributed to the library by readers.

**Spinach Crop Small,  
So Growers Estimate**

SACRAMENTO—The spinach crop of Sacramento has been estimated by growers here this week to be "off" for this season and it is believed by growers that the yield will be a fully 50 per cent decrease in the amount to be canned as compared with 1920. This is declared by the growers to be the result of the early and continuous rains, making it impossible to get the crop in.

## ADVERTISING GREAT NEED AT PRESENT, ASSERTS EXPERT

SECRET OF SUCCESS IS TOLD  
BY WESTERN OFFICIAL OF  
THE LITERARY DIGEST

"There never was a year in which it was so necessary to advertise as it is in 1921," declares Frederick C. Little, western representative of the Literary Digest, who is in southern California on a business trip. "Advertising is to business what oxygen is to the blood."

Mr. Little is in a position to know, for he is prominently identified with the huge national advertising campaign of the Literary Digest, which has boosted its circulation from 350,000 four years ago to 1,300,000 now, through extensive use of the advertising columns of 400 selected newspapers.

One of the strongest proofs of the wisdom of Mr. Little's firm belief in advertising is the figures he quotes on business failures during last year, declaring that 84 per cent of the failures were made by firms that did not advertise.

What One Man Said  
"A man of great vision made the statement, 'If you have a business for sale that you cannot advertise, advertise it for sale,'" says Mr. Little. The "inside story" of the national campaign that has proved so successful for the Literary Digest is related by him as follows:

"Five years ago the officials of the Literary Digest, with a circulation of 250,000, held a conference in their New York office to find out whether there was any way by which the Digest's prestige and circulation could be increased. One of the directors of the company said, 'What do we sell?'"

"The reply was, 'Advertising.'"

"Do you believe in it?" he asked.

"We do."

"All right, then let us buy some."

Revenue Grows Greatly

"That was the start of our \$1,000,000-a-year campaign in the daily newspapers. For four years we have spent \$1,000,000 a year in 400 selected leading newspapers in the United States, with the result that today we have more than 1,300,000 circulation, and before the year is out every indication is that we will have 1,500,000. During this time our revenue has increased more than 360 per cent."

"Without doubt, to intelligent people, the Literary Digest is the best known publication nationally. It is even better known abroad than any other American publication and all because we had the vision and courage to take our own medicine."

"We plan to continue indefinitely our great newspaper campaign. Consistent advertising of any good product will bring success."

**ONLY IMAGINARY,  
SAYS FRED DEAL**

LOOK IN PHONE BOOK, FIND  
'ELLIOT' PREFIX, BUT DO  
NOT GET DISTURBED

Look in the Los Angeles telephone book for numbers of connections at homes south of Glendale across the Southern Pacific railroad tracks and you will find the prefix "Elliot."

All of which is an imaginary exchange, according to Fred Deal, local manager for the Pacific Telephone and Telegraph company. The calls are routed through the Glendale exchange.

Forest Lawn cemetery and the Tropic Pottery, Inc., both of which are located in Los Angeles but adjoin the Glendale city limits, avail themselves of "Glendale" and "Elliot" service, having dual phones installed.

A five-gallon can of gasoline retails in the Argentine at anywhere from 6 pesos to 16 pesos (one peso equals \$0.4246).

## FEATURE PICTURE AT PALACE GRAND

ALL STAR CAST IS PRESENTED  
IN 'GODLESS MEN' SHOWING  
FOR TONIGHT ONLY

"Godless Men," a Reginald Barker production, with a Goldwyn all-star cast, is a story where men meet their souls face to face and sneer themselves on to acts of horror; where they grapple life with ruthless, destructive hands. It will be shown at the Palace Grand theatre today only. Russell Simpson portrays the leading character, "Black Pawl." As "Black Pawl" he defies God and for years sails the sea a terror to every man before the mast. The history of those sinister sea captains who ruled by split blood and fear is all combined in the life of "Black Pawl."

"Black Pawl" is a character few men could handle. Its very scope of dramatic possibilities would bewilder and overwhelm the ordinary actor. The force of the story stuns one in its mere skeleton outline and brought to life in its every detail on the screen, it is said to be the greatest sea picture ever produced. Through his previous work in such plays as "The Branding Iron," "The Barrier," "Out of the Dust," "Breakers Ahead," etc., Simpson has been trained to the point where "Black Pawl" is a living, breathing, stupendous portrayal of character in his hands.

"His Wife's Caller" is a two-part comedy to round out this "show of shows" and the orchestration will equal the pictures. Tomorrow is comedy day for the children and old folks as well with Mack Sennett's "A Small Town Idol" as the feature.

#### NOW, JIMMIE!

Jimmie—"Mummy, it says in this book that a baby fed on elephant's milk gained twenty pounds in one day."

Mother—"Nonsense, Jimmie! Does it say whose baby it was?"

Jimmie—"The elephant's."

## THE GLENDALE NATIONAL BANK

Can be of much service to you besides providing an absolutely safe place for your money. Your bank deposit book affords a complete record of cash receipts, while the stubs of your check book are a perfect record of expenses and payments. Paying any bill with a check is much safer than with money because you avoid the risk of handling the actual cash and the endorsed check returned by the bank is the best kind of a receipt.

## CHIROPRACTIC BILL SPELLS PROSPERITY BEING URGED AT LEGISLATURE IN ATTRACTIONS OFFERED HERE

MEASURE IS NOW PENDING AT  
CAPITOL; DR. A. D. COCHRAN  
CIRCULATES PETITION

Dr. A. D. Cochran, 112-A East Broadway, chiropractor, is circulating a petition in Glendale and vicinity in support of the chiropractic bill now pending before the state legislature. The petition is being liberally signed.

The bill seeks the establishment of a state board of chiropractic examiners and prescribes the terms upon which licenses may be issued to practitioners, and chiropractors are confident that the law will be placed upon the statute books.

The bill was introduced by Assemblyman R. P. Benton, chairman of the committee on rules, who says the bill is a just one and should go over with many votes to spare.

Favored by 390,000 Voters

"When it is remembered," says Mr. Benton, "that 390,000 voters of this state favored the chiropractors, and that the initiative was defeated by only 12,000 votes, this majority being cast by the actual families of physicians, the demand of the state for the legalizing of chiropractic and the licensing of its practitioners by their own board cannot be denied."

"The measure represents the best in the science and has practically the unanimous support of all concerned. The bill will have little difficulty in the committee of the assembly, I am sure, and when it comes to vote I predict it will command at least 51 votes, enough to pass it, with a goodly margin to spare. In the senate the vote will be a trifle closer, but I am sure its passage in the upper house is assured."

## LIFE STORY WELL TOLD BY PICTURE

GLENDALÉ THEATRE PRESENTS  
"THE GREATEST LOVE" AS  
FEATURE FOR TONIGHT

Carefully for seventeen years the mother slaved to build up the honor and fortunes of her little family of three. A whim of vanity on the part of her daughter brought the lives of all tumbling discordantly into disgrace and the shadow of the electric chair. In the new Select picture, "The Greatest Love," seen last night at the Glendale Theatre, the futility of man's ambitions and planning is forcibly demonstrated.

From the role of Mrs. Lantini, the mother, played by Vera Gordon with a humanness hard to put into words, down to the smallest part, the characters were cast with exceptional fitness. "Humoresque," as played by Madame Clement on the great organ, delighted the large audience and the latest news and Urban Movie Chats rounded out the program. The same bill will be seen today and tomorrow. The program for Sunday has David Butler as the feature in "Smiling All the Way" and Mary Pickford, directed by D. W. Griffith in "The Mender of Nets." This is a recreation of a film of eight years ago by the screen's greatest artist and the world's greatest director. The first episode of "The Son of Tarzan" from the popular story by Edgar Kler Burrough also is featured in addition to Pathe News and Topics of the Day.

## Women Are Invaluable In Modern Business

So necessary are women employees to the successful accomplishment of business these days, according to the officials of the Columbia Graphophone company, that this company has arranged for special women's rest rooms in the new quarters which it will occupy shortly in the Gotham National Bank building on Broadway at Columbus Circle, New York City. The company has taken the eight upper floors of this new twenty-four story structure, and will move uptown from the Woolworth building and bring together in this new location not only all its business departments, including the comptroller's organization, which has hitherto been located in one of the company's factories at Bridgeport, Conn., but its recording laboratories as well.

"This is a business of infinite detail," said one of the officials, in telling of this new million-dollar lease. "Infinite accuracy is necessary in handling our thousands of records, and doing business with several thousand dealers. Not only in our factories, but in our business office as well, we have found that women are willing to exercise greater patience and care than the average man worker."

ESPECIALLY IF HE'S FAT  
"People are not apt to envy those beneath them," remarks a writer. But how about the man in the upper berth of a Pullman?

PLENTY OF EVIDENCE FOUND  
BY GUY F. MAXWELL IN  
CONTENTED GLENDALÉ

Guy F. Maxwell, 202 West Park avenue, who writes that he has seen Glendale grow, sends in the following clever letter, which spells "Prosperity" by reading down the column:

Proximity to a large metropolis with all of its privileges and none of its disadvantages; wonderful boulevards which bring ocean, mountain or orchard to your very door; makes Glendale heralded as a prosperous city.

Realty values are such as to attract the homeseeker, the business man and investor. Here vacant lots offer a surer, quicker return than anywhere else in the west.

Opportunity beckons to all. To buy a home is to make a sure investment. The big chance is here for the business man with small capital.

Schools are the very best in equipment and instructors. The growth of its schools is the barometer of a city's future.

Public utilities have made a wonderful stride and played a big part in the prosperity and general welfare of our city.

El Dorado of the Golden West is the best way to sum up its golden fruit and flowers, the beautiful scenery and the quiet, restful feeling you get when in our Jewel City.

Residents of a place make it what it is. The thrifty and prosperous homes, churches, schools and fraternal organizations point to Glendale as a city of prosperity, thrift and power.

Industrially, Glendale is far ahead of many cities. Industries mean payrolls and that means good times.

Today Glendale stands out prominently as the fastest growing city in the United States. That means prosperity, not for a few, but for all. Glendale faces the future with a prosperous year just ended.

Yesterday is only the today of tomorrow. These things all spell prosperity for Glendale. Glendale's outlook means "Look out for Glendale."

## Who Wants Buffalo? Twenty To Give Away

WASHINGTON, March 12.—Want a buffalo?

Twenty responsible persons may borrow, or receive as gifts, bison from the U. S. Forest Service, it is announced.

The animals, now on the Wichita National Forest and Game Preserve near Cache, Okla., include a 28-year-old bull and some frisky calves. The price is simply assurance of responsibility, pledge of good care and use, a 12-foot double-ply fence and two tons of hay a year.

## Reindeer Meat Said To Be Very Popular

WASHINGTON—Rapid growth of the Alaskan reindeer industry, predicted soon to be the territory's chief production, may aid in reducing costs of meat in the United States, agriculture department officials said recently. Considerable quantities of the meat have been shipped, it was said, despite high shipping rates. Low production costs overcome much of the transportation losses, officials said. Quality of the meat is said to be somewhat better than venison and very similar in flavor.

## Baldheaded Men Are Crowded Out, Is Claim

HOUSTON, Tex.—It isn't the "bald headed" row any more. "Men don't have a chance to get the front row of seats at vaudeville shows these days," said Manager Eddie Greider of the Majestic theater. "The women reserve 'em a week ahead of time for every show." Argentina has approximately 20,370 miles of railways radiating fan-like from Buenos Aires for the most part. Britons own and operate more than three-fourths of the systems.

# FREE Easter Candy

Saturday,  
March 19  
1921

9:00 a.m.  
to  
4:00 p.m.

As it has been the custom of this store each Easter time to give away a nice bag of Easter Candy to Glendale boys and girls, we will on Saturday, March 19, 1921, between the hours of 9 a. m. and 4 p. m. give FREE to each boy and girl calling at our store, 102 East Broadway, a bag of Easter Candy absolutely free. We can give one bag only to each boy or girl, so please do not ask for more than one. Remember, all you have to do to get this nice bag of Easter Candy is—you must call for it yourself Saturday, March 19, after 9 a. m. and before 4 p. m.

Don't forget the date and time and be sure to come. We want you to see the big display of Easter Candy, Toys and everything that goes to make up a wonderful Easter time.

## BEVERAGE PLANT OF HENRY-BROWN CO. BIG INDUSTRY

EQUIPPED WITH MOST MODERN OF MACHINERY AND IS CREDIT TO GLENDALE

With the warm March days creating a feverish thirst, production has begun to mount at the Henry-Brown Company Sierra club beverage plant at Wilson avenue and Isabel street.

However, they're ready for it, with a capacity of 50,400 bottles a day, or 105 bottles a minute for an eight-hour day.

The Sierra Club ginger ale and other beverages made in Glendale are going as far east as Kansas City and north to Seattle, according to F. J. W. Henry. It has been the means of bringing tourists to Glendale, one party accompanying Mr. MacNeill, president of the Prairie Gas & Oil company, who has offices in New York, to see where the delightful drink was made which they enjoyed at a beach resort.

Accompanying S. W. Brown about the model plant one first visits the label room on the second floor, where a million ginger ale labels alone are stored on racks. In an adjoining room three triple syrup percolators feed the filling machines downstairs by gravity. A 600-gallon steel, glass-lined, steam-jacketed kettle for making simple syrups is located nearby. This is pumped into the percolators to be mixed with the flavors.

**Wonderful Washing Machine**  
On the main floor the bottles are received from the loading platform on a gravity conveyor which takes them to the washing machine, a wonderful mechanical device which automatically stops for a broken bottle, yet handles hundreds a minute. The bottles first go through three temperatures of hot water in the soakers where live steam and a caustic soda solution kill any life. Then they are rinsed and brushed and rinsed again with ice water, being delivered automatically to the bottling machine, one of the largest in the United States.

As the bottles revolve about the filler, the syrup is accurately measured into them and then they are transferred to the other half of the machine where the carbonated water is added. Then the bottles are conveyed to the capper and sealed tight.

Next comes personal inspection, a young man watching each bottle as it passes before a powerful electrically lighted searching board. He removes any bottle which is not perfect. The automatic labeler next receives the bottles, putting on the proper labels as fast as they come from the filler.

**Mountain Water Purified**  
Then the product is cased and put on booster conveyers which carry it to the storerooms or loading sheds. A ten-ton ice plant to cool the water to 34 degrees Fahrenheit for successful carbonation, an automatic gas water boiler and an air compressor are other adjuncts to the complicated business of producing beverages.

To purify the mountain water, which has been purest and best for their purposes, the Henry-Brown company have an electric machine composed of 21 aluminum plates over which the water flows over the surface of each. It receives a heavy charge of electricity with the dual effect of killing any life and of coagulating any foreign substance such as vegetable matter, so that the water can be thoroughly purified in the double quartz filtering process that follows.

This, according to Mr. Brown, assures a drink which has been found absolutely pure. To this care in manufacture he attributes the great success of Sierra club beverages.

## RETURN SECURED FOR TWAIN FILM

MANAGER ROBERT C. JENSEN  
OBTAINS ANOTHER BOOKING  
OF SLENDID PICTURE

"A Connecticut Yankee in King Arthur's Court," the Mark Twain story as filmed by William Fox, will play a return engagement at the Palace Grand theater within the next fortnight, according to an announcement made by Manager Robert C. Jensen.

He states that it drew the largest Monday and Tuesday houses in the history of his popular playhouse. Due to the demand of those who did not see the picture and others who wish to see it again, he has arranged for its return at the earliest possible date.

An index to the accuracy of the estimates made by the bureau of crop estimates, United States department of Agriculture, is shown by a comparison with the estimates on cotton yields made by the bureau in December with the annual report of bales ginned issued by the bureau of census during a period of 20 years was 2.5 per cent.

E. J. ZERR AND PARTY WILL TAKE MANY PICTURES OF INTEREST DURING TRIP

Mrs. Frank Zerr of 309 North Cedar street has received a cablegram from her son, E. J. Zerr, informing her that he had arrived safely at the Island of Tahiti, one of the South Sea Islands.

E. J. Zerr, who is assistant motion picture director to Henry Otto, left Los Angeles Harbor January 19 aboard the yacht Wisdom II, together with a number of Los Angeles sportsmen, motion picture men and students on a two years' cruise around the world. The voyage will take the party into strange lands seldom visited by white men and will include various islands in the South Sea, New Zealand, Java, Singapore, Borneo, Calcutta, Suez Canal, the Nile, Black Sea and South America.

**Expedition Private Enterprise**  
The expedition is a private enterprise of Dr. E. A. Salisbury of Los Angeles and has no connection with any producing motion picture company. It is anticipated that many valuable educational films will be secured. The party has taken 150,000 feet of film along.

The Wisdom II has a special room fitted with a projecting machine which was taken along so that films of modern life, automobiles, aeroplanes, etc., could be shown to natives of wild coasts.

Frederick O'Brien, author of 501 South Pacific avenue, Glendale, is to join the party at Samoa.

The leader of a band of wolves whose depredations have caused thousands of dollars' loss to stockmen of Colorado will be used as a decoy in an effort to trap other wolves of his band.

POSTMASTER GENERAL HAYS ISSUES STATEMENT AND TELLS OF PLANS

Members of the postoffice service at the Glendale branch have received a formal statement from Postmaster General Hays in which he declares that the entire department will be humanized, that all employees will be treated fairly and, too, that every effort will be made to improve the service. His statement follows:

"The postal establishment is not an institution for profit or politics; it is an institution for service; and it is the president's purpose that every effort shall be made to improve that service. "Every effort shall be exercised to humanize the industry. Labor is not a commodity. That idea was abandoned 1921 years ago. There are some 300,000 employees. They have the brain and they have the hand to do the job well; and they shall have the heart to do it well. We purpose to approach this matter so that they shall be partners with us in this business. It is a great human institution touching every individual in the country. It is a great business institution serving every individual in the country. I know that with 300,000 men and women pledged to serve all the people and honestly discharging that duty, fairly treated and properly appreciated, all partners with us here in this great enterprise, we can do the job. It's going to be done."

A purse of gold was recently presented to a landlord in Lynn, Mass., by his tenants who said he had a heart of gold. Although owners all about him had increased their rents this landlord had not increased his prices in the last five years.

## Grapefruit Will Avert Optical Shower Bath

WASHINGTON—The "squirtless" grapefruit may appear soon on the breakfast table. The new product, designed to spare the eye from a citrus shower, is known as the tangelo. It is a hybrid, the offspring of the tangerine and the grapefruit, but is more tender than either parent.

"There is little or no tendency for the juice of the tangelo to squirt when the spoon is inserted," the agricultural bulletin said.

## Had Eight Brothers In War; All Victims

MIDDLETOWN, N. Y.—Mrs. Alfred Jones of near this city had eight brothers in the world war in France. All were gassed or injured, one losing both eyes, another one eye, others losing limbs or being maimed. Now she is informed the wife of the blind brother is dead, leaving him with four children to support. He has only a small pension from the government. He has learned to manufacture woolen caps and sweaters.
